Comments: Certified Nursing Assistant requirements vary by state and other individual factors; credentials, training, and job experience. It's important to note that not all states have reciprocity agreements or requirements. If you are moving to another state without a reciprocity agreement, you will have to re-take the

certification exam for that state. Student applications are reviewed on a case-by-case basis. Requirements vary in each of the 50 states for the Certified Nursing Assistant program.

** CNAs are covered under reciprocity AND the Nurse Licensure Compact (NLC). Because of this, CNAs can move from most states to other states with relative ease. **
