COURSE: EUS 110  INTRO TO ELECTRIC UTILITY INDUSTRY

HOURS: Lecture: 3  Lab/Shop: 3  Work Exp/Clinical: 0  Credits: 4

COURSE DESCRIPTION:
This course provides the student with an overview of the electric (power) utility industry. Topics include electric utility regulation and its scope, regulatory agencies and codes, electrical safety, electric system overview, electric generation, electric transmission, and electric distribution. Upon completion, students should be able to understand the need for electric utilities, their structure, and regulatory requirements on electric utilities.

PREREQUISITE(S): DMA 010-080 or MAT 080, DRE 098 or ENG 090 and RED 090

COREQUISITE(S): NONE

TEXTBOOK(S) & OTHER SPECIAL REQUIREMENTS:

ISBN #: 9780470129876

STUDENT LEARNING OUTCOMES:

Upon successful completion of this course, the student will be able to:

1. Discuss the principles of alternating current electrical power.
2. Examine the components that comprise an electric utility.
3. Discuss the concept of a regulated monopoly.
4. Discuss the organizations that monitor American utilities.
5. Discuss major electrical grid blackouts in the US and the changes that they produced.
6. Discuss the importance of safety and its impact on the operation of an electric utility.
7. Discuss the economic benefits of a reliable electric system.
8. Discuss the major sources of generation used by the utility industry.
9. Discuss how renewable energy sources are changing the utility industry.
10. Discuss the concept of dispatchable electric power.
11. Discuss the importance of maintaining adequate reserves of electrical energy.
12. Comprehend how electric energy has changed life in the US over the last 100 years.
13. Discuss the use and the impact of modern electric utility tools, equipment, techniques and solutions in a global context.

EXPLANATION OF SYLLABUS:

The Student Learning Outcomes listed in this syllabus are those required actions that a student who successfully completes the course must be able to perform or exhibit. The educational experience, however, is a two-way, interactive process involving both the student
and his/her instructor. The student must play an active role in the learning process in order to be successful. Each Instructor will provide an Instructor's Course Requirements document at the first class meeting explaining how he/she measures each of the Student Learning Outcomes listed in the syllabus. A student who is unable to accomplish the outcomes will not receive a passing grade in the course.

The information in this RCC Syllabus may not be accurate beyond the current semester. Textbooks and other course materials are subject to change. Students should verify the textbooks at the first class meeting with their instructor prior to purchasing.

**RCC ATTENDANCE POLICY:**

Regular attendance is considered essential to realize course outcomes. Students are expected to attend all scheduled meetings of classes for which they register. Rules on tardiness and leaving class early are addressed in each Instructor’s Course Requirements document. Instructors are required to record absences and report excessive absenteeism to the Registrar. Absences which exceed 10 percent of the class meetings are considered “excessive.”

If a student is absent for any reason in excess of 10 percent of the class hours, he or she is in violation of the Richmond Community College attendance policy. No matter the basis for absence, students are held accountable for academic activities, and faculty may require special work or tests to make up for missed classes. An instructor will withdraw a student from a course when the student’s absences exceed 10 percent of the scheduled class meetings, unless the faculty member deems the absences to be unavoidable. In this case, the reasons for the absences must be documented and the student given additional assignments to make up for the absences.

When courses are delivered through online instruction (DL or Distance Learning) or through a combination of traditional classroom and online instruction (hybrid), class participation is no less important, though its measurement may be somewhat different.

**Nursing Students:** Established RCC attendance policies remain in effect for class, lab, and clinical. At the discretion of the instructor, a written assignment or makeup clinical may be given for hours missed up to the 10 percent. After a student has been absent for 10 percent of the required hours, the student may be dropped from the program.

**RCC GRADING SYSTEM:**

Richmond Community College employs a system of letter grades and corresponding quality points per grade to evaluate a student’s performance in meeting the stated goals and objectives for each course.

**SECURITY AND SAFETY PROCEDURES:**

RCC’s upgraded security procedures require all doors to be locked at class start-time.

All students, faculty, staff, and visitors must wear visible identification (ID) badges. Identification badges should be worn on the front of clothing. RCC employees can stop, restrict, and remove from any school-related activity or function anyone who does not display an ID badge.
STUDENTS WITH DISABILITIES:

Richmond Community College complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act, which require that no qualified student with a disability be excluded from participation in or be denied the benefits of any services, programs or activities on the basis of his or her disability. If accommodations in the classroom and/or in extracurricular activities are required, the student is encouraged to contact the Disability Services Counselor in Student Services prior to the start of the semester; however, a student may request accommodations at any time. Reasonable accommodations may take up to three (3) weeks to implement. Richmond Community College is committed to providing support and services to students with disabilities to help them obtain a quality education and to reach their goals. Assistance is provided, as necessary, and is intended to help students participate in and benefit from the programs and activities enjoyed by all students.

WITHDRAWAL:

In order to officially drop or withdraw from one or more courses without academic penalty, students must complete the “Change in Registration Status” form and submit it to the Registrar's Office before the 75% Point of the Term. Students may obtain the “Change in Registration Status” form from Student Services or from an instructor. Students are responsible for obtaining the course instructor(s) signature(s) and returning the “Change in Registration Status” form to the Registrar.

Students who withdraw before the 75% Point of the Term will receive a grade of “W.” Students who withdraw after the 75% Point of the Term will receive a grade of “WF” or “WP.” The Registrar will inform the students by mail of their withdrawal and the right to appeal.

WITHDRAWAL AND FINANCIAL AID:

The Return of Title IV Funds policy affects any student who receives Federal Financial Aid (for example, Pell Grants) and who withdraws from all classes. Under this policy, any student who withdraws or is withdrawn by the instructor completely from classes on or before the 60 percent point of the term will be required to repay all or a portion of his/her Federal Financial Aid.
