

# Richmond Community College

**2017-2018**

## **Student Government Association Candidate**

**“Help Me, Help You....Vote to make a difference!”**

My name is Jessika Hall and I am currently pursuing an Associates of Arts degree at RCC. Additionally, I have completed a Criminal Justice Technology Associates degree and two certificate programs (Law Enforcement and Corrections). My dream after school is to become a motivational speaker for young people and to also pursue a career as a detective. I will also finish up six classes thru UNC-Pembroke to receive my Bachelors in Criminal Justice Technology. In my spare time I like to spend time with my family. I am a mother and wife and I like trying to help my community whenever possible.

**Why are you interested in becoming a student government officer?**

*I am an Alumni now going for my second degree and I want to give back to my school and help make a difference.*

**What skills and strengths do you possess that are specific to carrying out the duties for the position you applied?**

*I have always been in management and I have already graduated once from RCC. I have been attending RCC on and off since 2009 and I have seen the changes we have made and changes that can be made or improved upon.*

**What are your ideas and goals for the next year as an officer of the student government association?**

*I would like to involve every student more. I would really like to be the Voice for everyone and show you all that everyone counts. YOUR opinion matters and I will do everything in my power to make the changes you all would like to see made in your school. Whether it is events, regulations, or additions to this school to make it better for your learning experience. I want to be your Voice, let's breathe life back into our school and be the change we want to see.*

**What is your plan for increasing student participation in campus activities and clubs?**

*I will spend limitless hours going around and taking surveys and getting everyones opinions on what they want and what they would like to participate in. I will make you want to be involved by letting you all make the choices of what you think is best for our school. I will not be someone who just makes decisions. I want your ideas and opinions because it is your chance to make a difference and put your mark on RCC through me. I will make change and be your Voice. You can come to me or leave me a message. Anything you need I will be there to help. There is no concern that is too great or too small and no request will be dismissed.*
