

Richmond Community College

2017-2018 Student Government Association Candidate

My name is Zarna Shah and I am majoring in Computer Science. I attend Richmond CC and am working on getting my Associates in Science. I hope to transfer to a four-year university where I can get my bachelors in Computer Science. After college my plan is to get a job, be more involved with the community, and give back to the community. I have been active in Relay for Life the past few years and I am also a member of Phi Kappa Theta. In my free time I love to read, be around people, exercise, and swim. I am an outdoor person so I like outdoor activities. I also like to explore and travel.

Why are you interested in becoming a student government officer?

I would like to be an SGA officer so I can bring in new and different events to RCC and ones that students will truly enjoy.

What skills and strengths do you possess that are specific to carrying out the duties for the position you applied?

I believe my dedication, caring, ability to learn quickly and memorization skills will be beneficial in my duties as an SGA officer. I am also a great listener, hard worker, and always willing to help my fellow students and RCC as a whole.

What are your ideas and goals for the next year as an officer of the student government association?

Some of the things I would like for SGA to work on next year are bringing more enjoyable events to the campus, bringing RCC together as a group, have events with prizes, and have some cultural events.

What is your plan for increasing student participation in campus activities and clubs?

My plan would be to improve how we promote events such as using posters rather than flyers and having teachers promote events. Lucky draws at events for those who participate would also help with drawing a larger crowd.
