

 **The 7th Annual Asheville Summit**

Public Health Heroes:

The Evolving Role of the Pharmacist

February 27th, 2021

Virtual via Zoom

4.25 ACPE credit hours provided for pharmacists

As the most accessible healthcare providers, pharmacists have the opportunity to make a significant impact on public health. Join us as we aim to define the role of the pharmacist in public health and discuss preventative health measures, social determinants of health and the COVID-19 pandemic. Visit ashevillesummit.web.unc.edu for more info!
