The College

In 1963, the General Assembly of North Carolina established a system of community colleges and technical institutes, which was to be governed by the State Board of Education, and a local board of trustees for each institution. On April 2, 1964, the North Carolina Department of Community Colleges, upon recommendation of the Commission of Public Education Beyond the High School Level, established Richmond Technical Institute. Seven months later, the voters of Richmond County authorized a bond issue and a tax levy for construction and support of Richmond Technical Institute. In October 1980, the name was changed to Richmond Technical College. In July 1987, the name was changed to Richmond Community College (RichmondCC) when the North Carolina General Assembly approved RichmondCC's application for community college status.

Performance Measures for Student Success Report

The Performance Measures for Student Success Report is the North Carolina Community College System's major accountability document. This annual performance report is based on data compiled from the previous year and serves to inform colleges and the public on the performance of our 58 community colleges.

To facilitate the first three-year review of the measures, the Performance Measures Adjustment Committee was appointed to review the current set of measures and recommend deletions, revisions, and additions. This included individuals representing college leadership and research.

Based on three years of data (if available) for each measure, baseline levels are set two standard deviations below the system mean, and excellence levels are set one standard deviation above the system mean. These levels remain static for three years and are reset every three years.

The performance summary below provides each college with an overview of its results as compared to its peers. Colleges will be reported as either met or exceeded excellence level, below excellence level, but above college average, below college average, but above baseline level, or below baseline level.

The Continuing Education Unit

The continuing education unit (CEU) is used as the basic means for recognizing an individual's participation in and for recording the institution's offering of noncredit classes, courses, and programs. A CEU is defined as ten contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction. There are two types of CEU applications: individual and institutional.

The following criteria are to be utilized for the awarding of individual CEUs:

1. The noncredit activity is planned in response to an assessment of educational needs for a specific target population.
2. There is a statement of objectives and rationale.

3. Content is selected and organized in a sequential manner.
4. The activity is of an instructional nature and is sponsored or approved by an academic or administrative unit of the institution best qualified to affect the quality of the program content and to approve the resource personnel utilized.
5. There is a provision for registration for individual participation and to provide data for institutional reporting.
6. Appropriate evaluation procedures are utilized and criteria established for awarding CEUs to individual students prior to the beginning of the activity. This may include the evaluation of student performance, instructional procedures, and course effectiveness.

Noncredit offerings which do not meet the individual CEU criteria should be accounted for only in terms of the institutional CEU, no individual CEUs should be awarded. Normally these noncredit offerings will be less structured and more informal in nature.

Neither individual nor institutional CEUs normally should be used to recognize or account for participation in entertainment, social, or athletic activities. Institutional CEUs should meet the following criteria:

1. The activity is a planned educational experience of a continuing education nature.
2. The activity is sponsored by an academic or administrative unit of the institution qualified to affect the quality of the program content and to select and approve the resource personnel utilized.
3. Record of attendance is required for institutional reporting use and a file of program materials will be maintained by the College.

Regular attendance and participation is essential for effective teaching and learning. A minimum attendance of 80% is required to receive CEUs.

Students may not take the same occupational extension course more than twice within a five-year period.

Scholarships can only be used to enhance entrepreneurial skills and are closely matched to the aspiring entrepreneur's needs. Visit the website at <http://www.ncprojectgate.org> to find out if you are eligible and to apply.

Pre Employment Program

The Pre Employment program provides pre-vocational training/counseling and assistance for chronically unemployed and underemployed adults. The program is aimed at placing these adults into permanent employment or further educational training.

The primary objective of Pre Employment is to help the jobless trainee reorient himself to the world of work through the development of communication skills which are necessary for getting and keeping a job. To accomplish this purpose, the Pre Employment program first identifies and recruits people within the community who are in the greatest need of this service. The unemployed on public assistance are preferred candidates for the program. In an effort to place each graduate in a job which fits his/her ability and interest, Pre Employment staff members develop job opportunities within local businesses and industry. In some cases, graduates may be directed into specific programs available at Richmond Community College.

Career Readiness Center

The Career Readiness Center provides WorkKeys testing and certification services to students, as well as to employers and their potential employees, for a nominal fee. Successful completion of the Work Keys tests provides a portable credential that provides evidence of the initial job skills sought by employers.

Occupational Skills

Occupational skills courses help adults acquire marketable skills like word processing or prepare adults for licensure or certification exams. Short courses offered through this program help adults enhance job skills. Carpentry, masonry, electrical wiring, computer skills, Spanish, small engine repair, Notary Public, and Effective Teacher Training are among the courses offered.

Businesses and industries can look to Richmond Community College to train employees to use new software programs or to improve management skills by enrolling in a supervisory skills course. Depending upon the physical needs of the courses, some courses may be taught on location in the business or industry.

Ed2Go

Richmond Community College offers a variety of Workforce and Economic Development classes online via Ed2Go for students who have Internet access. Course materials and assignments are online and available 24 hours a day, seven days a week. Students may work when they have time available.

Prior to starting each course, students will be required: (1) to pay the registration fee and (2) complete an online orientation. To get started, students need access to the Internet and an e-mail account in order to take the class. Courses are available every six weeks or on the date indicated. The e-mail address for online courses is: www.ed2go.com/RichmondCC and can be accessed at any time.

Public Safety

The Public Safety programs offer training for law enforcement officers, fire fighters, EMTs, paramedics, and rescue technicians. Courses provide instruction to meet certification requirements established by state agencies. Registration fees are waived for those affiliated with departments relevant to the training content.

Basic Law Enforcement Training (BLET) is also offered through the Public Safety programs. BLET is designed to give students essential skills required for entry-level employment as law enforcement officers with state, county, municipal governments, or private enterprise.

The program utilizes N. C. Criminal Justice Training and Standards Commission mandated topics and methods of instruction. General subjects include, but are not limited to, criminal, juvenile, civil, traffic and alcoholic beverages laws; investigative, patrol, custody, and court procedures; emergency responses; and ethics and community relations.

Personal Enrichment Courses

Courses offered for personal growth or enjoyment are considered personal enrichment courses. They include a wide variety of topics, such as art, history, crafts, and music. Some classes are designed and marketed specifically for senior citizens.

Class Locations

Many adult education courses and services are located on the college campus. Other courses and services are provided at extension centers in Rockingham and Laurinburg. Extension centers include school buildings, community buildings, churches, libraries, industrial buildings and other approved facilities. College and Career Readiness classes can be established in a new location whenever twelve or more adults express an interest and a site is available.

The F. Diane Honeycutt Center

The 18,271 square foot F. Diane Honeycutt Center is located at 600 McLean Street in Laurinburg and houses classrooms, computer labs, nursing labs, faculty offices, a 100-seat multipurpose room, and an industrial training center. The Practical Nursing, Nursing Assistant, and HVAC/Refrigeration curricula will be housed there along with Workforce and Economic Development courses.

The James Building

Located at 106 Rice Street in Hamlet, the James Building was the historic home of the Lillian B. Duer James School of Nursing. The facility now provides a one-stop center for services provided by the College and Career Readiness Program. Admissions

Admissions Policy

Richmond Community College is firmly committed to the “Open Door” policy of the North Carolina Community College System. This policy states that all persons, who have obtained a high school diploma or equivalent, regardless of race, creed, color, sex, disability, or national origin who can benefit from instruction at Richmond Community College shall be admitted to the College provided space is available.

In compliance with 1D SBCCC 400.2(e), Richmond Community College reserves the right to refuse admission to any applicant who, during the registration process, acts or speaks in a way that creates a reasonable and legitimate concern that the applicant poses and articulable, imminent, and significant threat to others. Such applicants will be evaluated on a case by case basis by the Vice President for Student Services. The Vice President for Student Services shall report the decision on the applicant to the President, indicating the rationale for denying admission, the time period within which the denial is applicable, and any conditions that would allow for the denied applicant to be eligible for admission. An applicant denied admission by the Vice President for Student Services, in accordance with the Student Grievance Policy, may appeal the decision to the President, whose decision will be final.

The College accepts applications continuously throughout the school year. Early application is advised for many programs. Admission to allied health curricula is competitive among qualified applicants according to established criteria.

Persons between 16 and 18 years of age who have special needs may be admitted with the approval of the local school superintendent or under other provisions of the law relating to high school dropouts. Richmond Community College has a dual enrollment agreement with the Richmond and Scotland County Boards of Education. Applicants seeking more information about this policy should contact the Director of K12 Partnerships.

To be admitted to a curriculum program at Richmond Community College, applicants must have a high school diploma or the equivalent (HSE). Exceptions to this policy may be made for students enrolled concurrently in the College and Career Readiness Transition program and those students eligible for the U.S. Department of Education Ability to Benefit provision.

Home-schools applicants or applicants who graduated from a non-public secondary school must provide (1) proof of current registration with the North Carolina Division of Non-Public Education and (2) a copy of their transcript.

Prior to enrolling in courses at RichmondCC, applicants must verify their identity by presenting a government-issued photo ID, or an acceptable reproduction of a government-issued ID. This requirement may be waived when students are sponsored by a government agency or

entity. The Registrar will determine if an alternative means of verification is acceptable should a government-issued photo ID not be available.

The complete admissions procedure is available in the current Student Handbook.

Degree Curricula

The College offers curricula that lead to Associate in Arts, Associate in Science, and Associate in Applied Science degrees. Applicants to any of these curricula must be high school graduates or the equivalent (North Carolina high school graduates must have passed the N.C. Competency Test).

Diploma/Certificate Curricula

The College offers curricula leading to a diploma or certificate. Applicants for admission to these curricula should be high school graduates or the equivalent; however, consideration will be given to those who are not high school graduates but have the ability to benefit from a course of study.

Pre-Admissions Counseling and Testing

All placement testing of prospective students shall be under the supervision of the Vice President for Student Services. Tests are scheduled by the Student Services staff.

Prospective students will speak with a counselor in Student Services in person, by phone, or by email. The counselor will determine if a prospective student is required to take a placement test or qualifies for an exemption. Applicants who take the placement test are counseled regarding their scores after testing. Prospective students are admitted once testing results are given to the Assistant Registrar. Applicants scoring below certain cut scores on the placement test will be required to take developmental courses as part of their curriculum. Applicants that were exempted from placement testing are admitted once they confer with a counselor and submit required documentation. The Assistant Registrar will then mail acceptance letters to all of the prospective students who were admitted.

The above procedure does not apply to students wishing to enter the Associate Degree Nursing curriculum.

Off-Campus Student Services

All students enrolled in curriculum off-campus courses are afforded comprehensive student development services. Students are also afforded these services on an as-needed basis. These services consist of registration, advising, and placement. Students enrolled in off-campus programs may use the on-campus services at any time.

Off-campus classes are taught at locations not owned by the College -- at a location not listed in the Facilities Utilization Plan. The James Building and the Scotland Center are considered on-campus locations.

Admissions Procedures

To apply for admission to any Richmond Community College (RichmondCC) degree, diploma, or certificate curriculum, an applicant should:

1. Complete and submit an application for admission to RichmondCC.
2. Send a copy of his/her high school transcript or high school equivalent to RichmondCC, along with transcripts from any post-secondary schools attended. If he/she graduated from a non-public high school, proof of current registration with the North Carolina Division of Non-Public Education and a transcript are required.
 - a. A student may be accepted as a provisional student without a high school transcript for one semester.

The student will be responsible for providing their official high school transcript(s) before being allowed to register for the following semester. Receipt of an official transcript confirming an Associate Degree or higher from a regionally accredited institution will exempt the student from providing a high school completion transcript.

3. Take the College placement test to measure performance in the following areas: reading, writing, and math. The student will be made aware of any deficiencies in these areas and will be assigned to the appropriate developmental education course.
 - a. The Associate Degree Nursing and Practical Nursing programs have special admission requirements. A college counselor can provide additional information.
 - b. An applicant who holds an associate's degree or higher from a regionally accredited institution may not be required to take the College placement test. Developmental credit will be given based upon the student's previous math and English credits.
4. Students who test into DRE-096 Integrated Reading and Writing I, DRE-097 Integrated Reading and Writing II, DRE-098 Integrated Reading and Writing III must take a Computer Skills assessment during the admissions process. Students who score below the cut score on the Computer Skills Assessment will be required to take CIS-070 Fundamentals of Computing.
5. Talk with a counselor about your College placement test results and your educational goals.

Placement Testing Policies

I. RCC Placement Tests

Richmond Community College utilizes the North Carolina Diagnostic and Placement Test (NC_DAP) to measure the academic preparedness of incoming students. The NC_DAP is a computerized testing system. Richmond Community College uses

scores from the NC_DAP test to determine the beginning Math and English courses in which students will be the most successful.

II. Placement Testing Requirements

All students who apply to Richmond Community College will be required to complete a placement test prior to being admitted to the college unless a student meets the requirements for an exemption to the placement test. Exceptions are noted in Section III and Section IV.

Applicants are strongly encouraged to complete an application (preferably online) to the college before taking the placement test. Applicants may also complete an application on the day of testing.

Appointments for NC_DAP testing are available during morning, afternoon and evening hours in Student Services. Walk-ins are also welcome if space is available. NC_DAP testing is also available at the Honeycutt Center in Laurinburg. Please call for an appointment at (910) 410-1730 (Hamlet, Main Campus) or (910) 410-1831 (Honeycutt Center, Laurinburg).

NC_DAP testing for Career and College Promise students is conducted at the respective high schools and coordinated with the Director of K-12 Partnerships. Applicants are encouraged to review reading, English, and math skills prior to taking the NC_DAP placement test. Applicants can review sample questions located on our website at <http://media.collegeboard.com/digitalServices/pdf/accuplacer/nc-sample-questions-v2.pdf>.

Students must present a valid photo I.D. at the check-in (receptionist) desk. Acceptable identification is a document with both a photo and a name, such as a driver's license, state-issued identification card, passport, military, or school I.D. Calculators, dictionaries, earphones, cell phones and other aids are not allowed. The NC_DAP will take approximately three hours to complete.

III. Placement Test Exemptions

The following students may be exempt from testing:

- 1) Applicants who possess an associate degree or higher from a regionally accredited college or university
- 2) Applicants who previously tested on ACCUPLACER or NC_DAP within the past five years and are reapplying for admission
- 3) Applicants applying for Special Credit status who plan to take courses that do not have a developmental prerequisite or co-requisite
- 4) Applicants who have completed developmental courses at a North Carolina community college and can provide a post-secondary transcript that documents successful completion of developmental reading, English, and math courses

(grade of P for courses with DMA or DRE prefix, C or higher for courses with ENG, RED or MAT prefix)

- 5) Applicants who have completed college-level English and math coursework and can provide a post-secondary transcript documenting successful completion of said courses (grade C or higher) (Transfer credit will be determined by the Registrar)
- 6) Applicants who earn a score of 500 on the SAT Critical Reading or English section will be exempt from the writing, reading and revised editing portion of the placement test. Applicants with a score of 480 on Evidence-Based Reading and Writing (March 2016 and after) on the SAT will be exempt from the writing, reading and revised editing portion of the placement test. Applicants who earn a score of 500 on the SAT Math (530 on SAT Math March 2016 and after) will be exempt from the math portion of the placement test. The SAT scores must be within the past five years.
- 7) Applicants who earn an ACT score of 22 on Reading or 18 on English will be exempt from the writing, reading and revised editing portion of the placement test. Applicants who earn an ACT score of 22 on Math will be exempt from the math portion of the placement test. The ACT scores must be within the past five years.

IV. **Multiple Measures Policy**

The Multiple Measures for Placement Policy establishes a hierarchy of measures that Richmond Community College will use to determine students' readiness for college-level courses:

- 1) A recent high school graduate who meets the specified GPA benchmark will be exempt from diagnostic placement testing and will be considered "college-ready" for gateway math and English courses.
- 2) If a recent high school graduate does not meet the GPA benchmark, the college will use specified ACT or SAT subject area test scores to determine placement.
- 3) If a recent high school graduate does not meet the GPA threshold or have college-ready ACT or SAT scores, the college will administer the diagnostic placement test to determine placement.
- 4) If an applicant does not have a recent high school transcript or ACT or SAT scores, the college will administer the diagnostic placement test to determine placement.

Multiple Measures for Placement

Unweighted GPA = or >2.6 Four High School Math Courses*	Student is college ready for any gateway math course and any course that has a DMA prerequisite. Colleges may require students to take a supplemental math lab as a co-requisite, based on college policies.
Unweighted GPA = or > 2.6 And Four High School Math Courses*	Student is college ready for any English course up to and including English 111 and any course that has a DRE prerequisite. Colleges may require students to take a supplemental English composition lab as a co-requisite, based on college policies.
Unweighted GPA <2.6	College will evaluate subject-area ACT or SAT scores to determine if student is college ready in math and English using the following scores (based on national and state validation studies): English: ACT Reading 22 OR ACT English 18 SAT Writing 500 OR SAT Critical Reading 500 OR SAT Evidence-Based Reading and Writing 480 (March 2016 and after) Math: ACT Math 22 SAT Math 500 (530 March 2016 and after)
Unweighted GPA <2.6 and subject-area score(s) below college ready	Student will take subject-area State Board-approved assessment(s) to determine placement.
Students without a recent transcript GPA or without ACT or SAT scores	Student will take subject-area State Board-approved assessment(s) to determine placement

* To be eligible for Multiple Measures for Placement, a high school student must complete four math courses, including Algebra 1, Geometry, Algebra II (or the Standard Course of Study equivalents) and one additional math course. Eligible 4th math courses are listed on the NCCCS document: *Eligible 4th High School Math Courses for Multiple Measures Placement*. The System Office's Program Division will update this list as needed in consultation with the Department of Public Instruction.

This Multiple Measures Placement Policy applies to any applicant who has an official transcript from a high school that is legally authorized to operate in North Carolina and who graduated from that high school within five years of college enrollment.

To determine placement of applicants who apply for admission before they graduate from high school, Richmond Community College will consider official transcripts, which state the cumulative GPA at the end of the first semester of the 12th grade or ACT/SAT test scores.

Applicants who graduated prior to 2013 and/or out-of-state applicants will be required to take the placement test unless they qualify for an exemption listed in Section III.

V. Testing Accommodations

Disability Services (DS) complies with ADAAA (American with Disabilities Act Amendments Act) and Sections 504 of the Rehabilitation Act by offering exam accommodations for prospective students with disabilities such as extended time, alternative formats, and assistive technology depending on the student's disability. These accommodations are implemented to give students with disabilities equal access to testing.

If an applicant has a condition that may warrant special testing accommodations, the applicant should contact the Disabilities Services Counselor at (910) 410-1867 at least one week prior to the testing date. The prospective student must present documentation verifying the disability. The DS Counselor will interview the student and review the documentation to determine appropriate accommodations.

VI. Retesting

NC_DAP and ACCUPLACER scores are valid for five years. Applicants may repeat all or part of the NC_DAP placement test once in a twelve month period unless their scores require placement into Pre-College. Pre-College students must enroll and complete the required number of instructional hours before being permitted to retest. If an applicant places into a Developmental Education course and feels that the placement test did not adequately reflect skill level, then he/she may request a retest. There is a minimum wait of seven days between the first and second administration of the test. However, the waiting period can be waived during the two weeks prior to a final registration period.

Once a student has begun a developmental course sequence, the assessment process is considered complete. Permission of the Department Chair of English/Reading or Department Chair of Math/Science is required for an early exit from the sequence. The cost of the initial assessment is free. Retest fees are \$2 per section and subject to change.

VII. Transferring Test Scores

Richmond Community College accepts NC_DAP and ACCUPLACER scores from other schools if the testing has occurred within the last five years. Score reports may be sent to the attention of the Office of Admissions.

Students who have taken the NC_DAP or ACCUPLACER at Richmond Community College may request their scores be sent to another college. Students may come by Student Services and complete a request form or call and speak with a counselor. The counselor will verify the information, complete the form, and mail it to the appropriate college.

Developmental Education

Students whose placement test scores indicate a need for extra instruction in English, mathematics, or reading will be required to enroll in appropriate developmental education courses. A list of curriculum courses having developmental prerequisites appears in the Curriculum Programs chapter of this catalog. The student required to take developmental education courses should consult that list before choosing curriculum courses.

Spanish Placement Test and Credit by Examination

Placement Test

Students who studied Spanish in high school or who have significant experience using Spanish may request a placement test.

Example:

- Students who pass the SPA 111 placement test may enroll in SPA 112.*
- Students who pass the SPA 111 and 112 placement tests may enroll in SPA 211.*

Credit by Examination

After students successfully complete the course into which they placed, they may request credit by examination for those course(s) they placed out of. Passing the placement test is not the same as receiving credit for the course. Credit by examination is only earned after completion of the course into which they placed.

Example:

- Students who pass the SPA 111 placement test and complete SPA 112 will be awarded credit by examination for SPA 111.*
- Students who pass the SPA 111 and 112 placement tests and complete SPA 211 will be awarded credit by examination for SPA 111 and 112.*

Hours earned through credit by examination can be transferred and/or applied towards a degree, but are not calculated in grade point averages.

Administration

Students interested in the Spanish Placement Test and Credit by Examination must contact Lee Ballenger, Department Chair for Humanities and Social Sciences, at (910) 410-1863 or leeb@RichmondCC.edu to determine eligibility and to arrange for testing. The completed placement test(s) and the proficiency credit form will be kept on file in the Office of the Registrar.

Credit for Nontraditional Learning

Advanced Credit for High School Students

The North Carolina High School to Community College Articulation Agreement is an agreement between the North Carolina Department of Public Instruction and the North Carolina Community College System.

The North Carolina High School to Community College Articulation Agreement provides a seamless process that joins secondary and postsecondary Career and Technical Education (CTE) programs of study.

This statewide articulation agreement comprises approximately 50 high school CTE courses that match the knowledge and skills taught in similar community college courses. The articulation agreement ensures that if a student is proficient in his/her high school course, the student can receive college credit for that course at any North Carolina community college. This streamlines the student's educational pathway by eliminating the need to take multiple courses with the same learning outcomes.

Students desiring more information should contact the Registrar or Vice President for Student Services.

Advanced Placement (AP) Credits

Students may receive college credit if the appropriate score is achieved on the Advanced Placement (AP) examination. Students interested in such credit must have official score reports from the College Board Entrance Examination submitted to the Registrar's Office. Once received, the Registrar will evaluate and award credit accordingly to enrolled students. Credit will apply towards graduation requirements in the student's curriculum program; however, quality points are not awarded.

Experiential Learning/Professional Certification

The college adheres to State mandated course prerequisites and corequisites as specified in the North Carolina Community College Course Library. However, when appropriate, transfer credit, experiential learning credit, advanced placement credit, credit for professional certifications and/or credit by examination may be awarded prior to a student enrolling in the course. The awarding of credit may be used to meet State and local course prerequisites and corequisites. Additionally, prerequisites and corequisites that are specified as a local requirement may be waived with written permission of the instructor of the course.

Military Training

Credit may be awarded to students for educational experience in the armed services. Documentation of experience must be submitted to the Registrar who will consult with the appropriate department chair before granting credit. Students should submit a Joint Services Transcript to the Registrar for evaluation. Service school diplomas and MOS (Military Occupational Specialty) Evaluation Score Reports are acceptable in lieu of the Joint Services Transcript. Military service experiences are evaluated using ACE Guide recommendations. The symbol "MT" on academic transcripts will indicate credit earned for military educational experience. Credit hours will be assigned for such credit; however, no quality points will be assigned.

Proficiency Tests for Credit

Students who can provide tangible evidence of preparation to challenge a course, such as a transcript of similar college-level credits, record of military study, certification or license, standardized test scores, or written statements from employers regarding training or directly related work experience indicating that they may be proficient in a subject, may request Proficiency Credit testing. Because of specific requirements, some courses may not be appropriate for proficiency testing and are excluded from this procedure. A student must have completed any course prerequisites before taking a proficiency exam. A proficiency exam can be taken only once for any course. The student and the student's Instructor or Department Chair determine readiness for a proficiency examination preferably before classes begin but no later than the last day of the drop period. A written request must be made to the appropriate Department Chair on the Proficiency Credit form. Students who request Proficiency Credit must enroll as a credit student in the course to be challenged, pay tuition and fees, and attend class until the exam has been successfully passed with a minimum grade of "B." The Department Chair arranges for the demonstration of proficiency prior to the ten percent (10%) date of the semester. Students who do not pass the proficiency may remain in the class and take it for credit.

Students may not attempt more than ten percent (10%) of the required credit hours in their curriculum program by means of Proficiency Credit. Students may not receive credit for elective courses by proficiency examination.

A grade of "X" (Proficiency) will be recorded on the student's transcript upon successful completion of the exam. Credits earned will be applied toward graduation requirements but will not affect the student's Grade Point Average (GPA). Proficiency Credit cannot be requested for a course which the student previously attempted.

International Students

In addition to regular admission procedures, international applicants are required to submit the following:

- Test of English as a Foreign Language (TOEFL) scores; a minimum of 45 on the Internet Based Test (IBT); a minimum of 133 on the computerized test or 450 on the written test. However, applicants from countries where English is the language of instruction or who already live in the vicinity of RichmondCC are not required to submit Test Of English as a Foreign Language (TOEFL) scores.
- Certified transcript of academic records with an English translation and U.S. equivalency;
- Affidavit of support indicating sufficient financial resources; and
- Applicant must possess a valid, current visa.

Career and Technical Education Students

The high school Career and Technical Education course of study addresses the growing need for high school graduates to have more technically oriented educational backgrounds. By taking higher level academic and vocational courses, Career and Technical Education Completers are better prepared for the advanced courses at the community college level.

Career and Technical Education graduates should review the Advanced Credit for High School Students Policy to determine whether they may receive academic credit at RichmondCC for courses taken in high school. A counselor may also answer these questions.

Special credit

A student who has not decided on a particular curriculum or who does not wish to pursue a degree or diploma may enroll in “special credit student.” Such students may take up to 20 semester credit hours without declaring a curriculum. The “special credit student” status does not permit a student to take a course without having first taken and passed the prerequisite. (An exception may be made when approved by the instructor of the course and the Vice President for Student Services.) All work satisfactorily completed by the “special credit student” will be accepted as credit toward graduation. However, the “special credit student” status does not change the student’s graduation requirements which include the need to complete satisfactorily all required courses in his/her curriculum and maintain an overall 2.0 grade point average. Veterans seeking educational benefits or students seeking financial aid are not permitted to enroll as “special credit students.”

Early College High School

Richmond and Scotland County Public School Systems have joined RichmondCC in establishing Early College High Schools on the RichmondCC and St. Andrews University campuses. Students begin in the ninth grade and earn a high school diploma and complete two years of college credit in five years. Students should possess the maturity and independence to accept the challenges of this progressive school, are capable of honors level work, and participate in college classes. Parents should contact a middle school counselor about this program.

Audit policy

Students may elect to audit a course for non-credit purposes when space is available. Students, who wish to audit a course must follow regular registration procedures, meet the course prerequisites, complete the “Audit Request” form, and have approval of the Department Chair responsible for the particular course. Auditing students are not required to participate in discussions or take examinations but must adhere to the class attendance policy in order to receive a grade of “AU” (audit) on their transcript. If a student is withdrawn for non-attendance or he chooses to withdraw voluntarily, he will receive a grade of “W.” Permission to audit a course is granted one time per course. Under extenuating circumstances, such as illness, family death, job change, etc., a student may be allowed to audit a course a second time, subject to the approval of the Vice President for Instruction/Chief Academic Officer. An audit course cannot be changed to a credit course, but a credit course can be changed to an audit course within the drop/add period. Unless approved under the Special Provisions for Senior Citizens, tuition and fees for audit courses are the same as for credit courses. Financial Aid and Veterans Education Assistance recipients cannot receive benefits for audits. Audited courses do not count in total hours for full-time or part-time student status.

Special Provisions for Senior Citizens

When space is available, students at least 65 years of age as of the first day of the applicable course section may audit that course section without payment of any required tuition or registration fees. Students who wish to audit a course must follow regular registration procedures, meet the course prerequisites, complete the “Audit Request” form, and have approval of the Department Chair responsible for the particular course.

Auditing students are not required to participate in discussions or take examinations, but they must adhere to the class attendance policy in order to receive a grade of “SR” (senior audit) on their transcript. If a student is withdrawn for non-attendance or chooses to withdraw voluntarily, the student will receive a grade of “W.”

Permission to audit a course is granted one time per course. Under extenuating circumstances, such as illness, family death, job change, etc., a student may be allowed to audit a course a second time, subject to the approval of the Vice President for Instruction/Chief Academic Officer.

College and Career Promise

Under certain conditions, public school students who are 16 years of age or older may enroll in college-level courses at RichmondCC while enrolled in high school. Students can obtain Petition for Dual Enrollment forms from the guidance counselors at their schools.

Admission to the Academic Success Center

The Academic Success Center offers a variety of services to RichmondCC students, students enrolled at other colleges and universities, and the general public. Educational materials are

available to RichmondCC students, as well as free tutoring for those RichmondCC students who need academic support.

Coordinators provide appropriate tutors and/or study materials based on instructor referral. Coordinators also provide assistance and materials to students who want to improve their math, writing, or study skills.

Members of the community are welcome to use the Academic Success Center computers to do research and/or type school-related papers. Academic Success Center staff will assist community users, but may not provide tutorial assistance. When the Academic Success Center is busy and computer space and resources are in high demand, RichmondCC students have first priority.

Admission of High School Dropouts

In certain instances, high school dropouts between the ages of 16 and 18 seek enrollment in RichmondCC's College and Career Readiness programs.

These students may enroll after obtaining proper documentation required by the College and Career Readiness program and the local board of education.

Any student suspended from public school shall not be allowed to enroll at RichmondCC until the time limit for public school suspension has expired. i.e. student is suspended from high school in March and will not be allowed to return until September. He must wait the same amount of time if he plans to enroll at RichmondCC. The earliest he can enroll at RichmondCC is September provided all other conditions for admissions are met. For specific enrollment information, please contact the College and Career Readiness Adult High School Coordinator.

Readmission

A student who withdraws from RichmondCC in good standing is permitted to reenter the institution at the beginning of any subsequent semester. However, a student dismissed from the College for medical or disciplinary reasons may be readmitted only through authorization of the Vice President for Student Services. Readmission procedures for students in the Associate Degree Nursing and Practical Nursing programs are exceptions to the above policy. Students interested in readmission should contact the Nursing Department Chairman or the Director of Counseling.

Student Right-To-Know

The Student Right-To-Know Act requires institutions receiving Title IV Funding disclose graduation or completion rates and transfer out rates for the general population of full-time, first-time degree or certificate-seeking undergraduate students (34 CFR 668.45). This information is compiled annually and is available upon request to both currently enrolled and prospective students from the Office of the Registrar.

Special Admissions Policies and Procedures

Associate Degree Nursing

The Department of Nursing is an integral part of the College and offers educational opportunities to qualified individuals who seek a career in nursing. Students pursue a planned course of study, which will help them develop intellectually, emotionally, and socially in preparation for nursing practice as a Registered Nurse (RN).

The Associate Degree Nursing curriculum provides knowledge, skills, and strategies to integrate safety and quality into nursing care, to practice in a dynamic environment, and to meet individual needs which impact health, quality of life, and achievement of potential.

Course work includes and builds upon the domains of healthcare, nursing practice, and the holistic individual. Content emphasizes the nurse as a member of the interdisciplinary team providing safe, individualized client-centered care while employing evidence-based practice, quality improvement, and informatics.

Prospective students need to be aware that clinicals, skills lab, and computer laboratory experiences may be taught during day, evening, night, or weekend hours and at different locations based on the availability of appropriate learning experiences for each nursing course. Certain hours for clinicals, skills lab, or computer laboratory experiences cannot be guaranteed. Transportation to clinical sites is the responsibility of the student.

Because of the academically demanding program of study in the nursing curriculum, it is highly recommended that a student who anticipates enrolling in the nursing program completes several required general education courses prior to admission.

Upon graduation, the student receives an Associate in Applied Science in Nursing degree and is eligible to apply to take the National Council Licensure Examination (NCLEX-RN) which is required for practice as a Registered Nurse (RN). Permission to take the licensing examination is granted by the state examining board. Please note: Graduates who have been arrested/ convicted of a moral and/or legal violation of the law may not be granted permission to take the licensing examination. Once licensure has been granted, employment opportunities are vast within the global health care system and may include positions with acute, chronic, extended, industrial, and community health facilities.

Program Outcomes

Upon completion of the Associate Degree Nursing program, the graduate will upon licensure:

1. Practice professional nursing behaviors incorporating personal responsibility and accountability for continued competence.
2. Communicate professionally and effectively with individuals, significant support person(s), and members of the interdisciplinary healthcare team.
3. Integrate knowledge of the holistic needs of the individual to provide an individual centered assessment.
4. Incorporate informatics to formulate evidence-based clinical judgments and management decisions.
5. Implement caring interventions incorporating documented best practices for individuals in diverse settings.
6. Develop a teaching plan for individuals, and/or the nursing team, incorporating teaching and learning principles.
7. Collaborate with the interdisciplinary healthcare team to advocate for positive individual and organizational outcomes.
8. Manage health care for the individual using cost-effective nursing strategies, quality improvement processes, and current technologies.

Associate Degree Nursing Admissions Policy and Procedures

To enter the nursing program, a student must first be admitted to Richmond Community College (RichmondCC). Admission to Richmond Community College, however, does not guarantee admission into the nursing program. A letter from the Admissions Office will be sent to the student upon acceptance into the nursing program. A letter from the Registrar will be sent to the student regarding transfer equivalency. The following policies and procedures are utilized in admitting qualified students.

I. Admission Requirement

Applicants for the Associate Degree Nursing (ADN) program must:

- A. Be a high school graduate or equivalent.
- B. Have a minimum high school or program GPA of 2.50. Program GPA will be determined based on the student's performance in the last 12 program hours or an un-weighted High School GPA. Points for admission will be based on GPA performance as defined in "Procedures for Calculating GPA Points for Admission."
- C. Score at the indicated levels or above on the Richmond Community College Placement Assessments:

ACCUPLACER

1. Reading	Standard score 80

*Applicants who fail to meet minimum scores on the placement assessment may retake the placement test a maximum of two times in a 12-month period. (The two reassessments refer to either part or complete testing. If indicated levels are not achieved, the required developmental courses will need to be taken and completed with a "C" or better.)

Applicants who do not hold a current CNA certification but who complete their CNA requirements before the first day of Pre-Nursing may be considered in the applicant pool. Applicants must submit documentation of CNA completion and listing to a counselor in Student Services prior to being admitted to Pre-Nursing. This requirement would be waived for students holding a current, non-restrictive license as a Practical Nurse or for a student who has successfully completed NUR 111. Lab demonstration of basic nursing skills may be required to validate knowledge.

III. Procedure for Admission

1. Submit a completed Richmond Community College application.
2. Submit official copies of transcripts from all secondary and post-secondary institutions or a copy of GED transcript, if applicable.
3. Submit proof of successful completion of a state-approved CNA program and Nurse Aide I listing.
4. Take the Richmond Community College Placement Assessment and achieve at required levels or take the required classes.
5. Schedule an appointment with a counselor to complete the TEAS, once a counselor has determined that minimum requirements are met.

7. Submit a physical examination completed by a licensed physician, nurse practitioner, or physician's assistant on the form provided by Richmond Community College. The applicant must show physical and psychological ability to perform normal nursing duties. Physical examination and lab data should be no more than three months old at the time of initial enrollment. Annual TB test results and proof of current CPR status certification must be submitted. Findings from the physical examination are not used to determine admission status.
8. Students must purchase or show evidence of having professional liability insurance prior to enrollment in courses with NUR prefix.
9. Students are responsible for obtaining their own health insurance policy as desired. Neither Richmond Community College nor the affiliating institutions are responsible for medical expenses incurred as a result of illness or injury sustained during class, lab, or clinical experiences (e.g., strained back, needle-stick).

IV. ADN Admission Criteria

Decisions regarding admission into the ADN Program are based upon an applicant's TEAS test score, GPA, and achievement in related courses. Each admission criterion is assigned a point value. The points are used to rank applicants for the purpose of selection into the program. In the event that applicants have identical total admission points, the person with the earliest file completion date will be ranked higher. If the points are still identical, the person with the highest grade in BIO 165 will be ranked higher. Should applicants still be tied, the applicant with the

highest grade in BIO 166 will be ranked higher. If the applicants are still tied, then the applicants' GPA for courses required in the nursing curriculum will be used to break the tie.

V. ADN Applicant Deadlines and Admission Decisions

The deadline for applications including receipt of all transcripts and record of adequate test scores is January 31, assuming that the desired admission date is the fall semester following the application deadline. Applicants meeting admission criteria may be scheduled for an interview beginning in late February through April. Applicants will be notified of admission status by May 31.

VI. Alternate List for ADN Program

Qualified applicants not accepted because of space limitations will be placed on an alternate list in rank order and notified in that order of any vacancies related to that semester's admissions. Students must reapply for the next year if not admitted. Applications are not automatically carried over from year to year. No special consideration will be given to applicants who were on the alternate list the previous year. Applicants who want to improve their position are encouraged to meet with the Nursing Department Chair or counselor to discuss a plan of study.

VII. Admissions and Course Credit for Transfer Students

Transfer credit for non-nursing courses in the Nursing curriculum from accredited post-secondary educational programs will be determined on an individual basis in accordance with RichmondCC's transfer policy as stated in the general catalog. Transfer of credit for nursing courses in the ADN Program from an accredited nursing educational program must be on an individual basis and in accordance with RichmondCC's transfer policy. The following courses must not be more than five (5) years old at the time of admission to the program to receive credit for graduation: all courses with BIO and NUR prefixes. In addition, there must be approval by the Nursing Department Chair. An interview with the Nursing Admissions Committee may be scheduled. Students will be required to pass a written theory and medication competency examination with a score of 80 or above for NUR course(s) successfully completed. Students may be required to perform appropriate nursing skills for course(s) successfully completed to ensure competency. Applicants for transfer must meet current admissions requirements and submit a letter from previous Program Director stating that there were no professional or clinical performance issues while enrolled in the NUR curriculum. If the transfer request follows an unsuccessful attempt of a NUR course from another college, the composite TEAS score must meet the same requirements as a student applying for readmission.

VIII. LPN (Licensed Practical Nurse) Advanced Placement

The advanced placement option is designed for the LPN who is returning to college to earn and ADN. The LPN applicant desiring advanced placement must meet all admission requirements of the ADN program. The LPN desiring advanced placement may enter the ADN program in NUR 112 in the spring semester provided space is available and stated pre-requisites are met.

The LPN admitted for advanced placement:

1. will hold a current, unrestricted license as a LPN.
2. will have met the admission requirements of the ADN program. (The LPN student is exempt from the pre-nursing and CNA requirement.)
3. will have successfully completed (78% competency level) BIO 165, CIS 110, and PSY 150. If BIO 165 and BIO 166 is greater than five (5) years old at the time of admission, the LPN must complete BIO 163 or retake BIO 165 and BIO 166. If the student has not completed CIS 110, this course must be completed before the end of the Summer semester.
4. will have a minimum of 2.5 GPA.
5. must pass fundamentals theory and medication competency exam with a score of 80 or above.
6. will receive proficiency credit for NUR 111 upon successful completion of NUR 112, NUR 113, NUR 114, NUR 211, NUR 212, and NUR 213.

IX. ADN Progression Policy

Students enrolled in a nursing curriculum must obtain a grade of 80 or higher in all NUR and a 78 (C) or better in all other courses in the NUR curriculum in order to progress and graduate in the nursing program. In addition, nursing students will be required to pass a Medication Competency Test as defined in the Course Syllabus and Instructor's Course Requirements in order to administer medications in the clinical site and progress to the next nursing course. A program GPA of 2.0 is required for a student to remain in the nursing program and for graduation. Calculations of GPAs are limited to required courses in the nursing curriculum. Courses taken outside the curriculum are not considered part of the program GPA. Readmission to the nursing sequence will be in accordance with readmission policies on a space available basis.

Use of External Exams

External standardized examinations shall not be used solely as a determinant of a student's progression or graduation.

Criminal background checks and/or drug testing are required by clinical agencies prior to a student's participation in the clinical component of a NUR course. Failure to meet any clinical agency requirements will result in the student not having the opportunity to meet clinical objectives; therefore, the student will not be allowed to progress in the nursing curriculum. No clinical facility reassignments will be made.

It is important to note that the clinical site, not the College, determines whether the result of the criminal background check/drug screening disqualifies the student from clinical activities. The hospital or other clinical agency, in its sole discretion, may request the removal of any student who, based on the results of the criminal background check/drug screening, the agency deems as inappropriate to provide care, treatment, or services.

ASSOCIATE DEGREE NURSING READMISSION POLICY

I. Students, enrolled in but not completing or not achieving a grade of 80 or better in NUR 111, seeking readmission will be considered in the applicant pool for the year they seek to return. Students will be expected to meet current admission criteria. No special consideration will be given. Readmission is not guaranteed. The following procedure will be followed:

1. Students must reapply for admission to the ADN Program and meet with a nursing counselor.
2. Students who are currently enrolled in related coursework at RichmondCC need not retake the assessment; however, they may reassess if desired.
3. The Nursing Admissions Committee will review and approve requests for readmission. Decisions regarding eligibility for readmission will be made on an individual basis and determined based on available slots, GPA, TEAS test scores, which must be 10% above the required composite score, the student's previous academic and professional performance in the program, and the ranking in the applicant pool. The Admissions Committee will meet with the student as needed. The student will be notified regarding eligibility for readmission.
4. Students selected for admission will be scheduled for an orientation session with other applicants and will follow routine admission procedures.
5. Readmission will be limited to one (1) time.

II. Readmission after completing NUR 111 with an 80 or better is contingent upon the following process: Readmission is not guaranteed.

1. All requests for readmission must be submitted in writing to the Nursing Department Chair and forwarded to the nursing counselor. The Nursing Admissions Committee will review and approve requests for readmission. Decisions regarding eligibility for readmission will be made on an individual basis and determined based on available slots, GPA, TEAS test scores, which must be 10% above the required composite score, and the student's previous academic and professional performance in the program. The Admissions Committee will meet with the student as needed. The student will be notified regarding eligibility for readmission.

8. Students will be required to pass a written theory and medication competency examination with a score of 80 or above for NUR course(s)
9. Students may be required to perform appropriate nursing skills for course(s) successfully completed to ensure competency.
10. No competency exams are administered for a course not taken.

NURSING DISMISSAL POLICY

In addition to the nursing progression policy, the nursing faculty reserves the right to dismiss a student from the nursing program for the following reasons:

1. Failure to function within the North Carolina Nurse Practice Act, ANA Code of Ethics, and Standards of Practice.
2. Negligent acts that result in harm or potential harm to a patient.
3. Infraction of health agency policies while on affiliation in that agency.
4. Violation of the patient's right to privacy by not protecting information of a confidential nature. Performance and/or behavior deemed unsafe as characterized by dangerous, inappropriate, irresponsible or unethical behaviors that actually or potentially places the patient, family, healthcare team members, faculty or peers in jeopardy.
5. Behavior which reflects impaired judgment and/or behavior which requires an inordinate amount of instructor time as determined by the Nursing Department Chair. Impaired judgment is defined as a failure to assess or act appropriately on information that a majority of students at the same level would recognize as important to patient health and safety.
6. Behavior or appearance which provides reasonable suspicion that the student is under the influence of alcohol, controlled substances, or illicit drugs. The student may be required to submit to drug screening at the student's expense. Facilities which provide clinical experiences reserve the right to require testing in compliance with drug and alcohol policies of the institution. Failure to comply will result in dismissal from the program. The clinical facility has the right to deny the student clinical access to the facility. Should the student be denied clinical privileges, the student will be dismissed from the program.
7. A positive drug screen or criminal background check determined unsatisfactory by any clinical agency.

Any student who is recommended for dismissal from a Nursing curriculum will have a conference with the instructor and Nursing Department Chair to discuss the reason(s) for dismissal. The student will also receive a letter stating the reason(s). If the student disagrees with the dismissal, he/she should contact the Vice President for Student Services. The Vice President for Student Services, in consultation with the Nursing Department Chair, will make a

recommendation to readmit or decline readmission into the current course/semester. If the student disagrees with the recommendation of the Vice President for Student Services, he/she may appeal to the President of the College. This appeal must be filed with the President within seven (7) days of the date of the decision. After the appeal is filed, the student will meet with the college President. The President's decision will be final.

Any student dismissed from the Nursing program under the Nursing Dismissal Policy has thirty (30) days to notify the Nursing Department Chair in writing of his/her intent to request readmission to the Nursing program in a subsequent semester. The applicant's request for readmission to the Nursing program will be reviewed by the Nursing Admissions Committee. A meeting with the Nursing Admissions Committee may be required. The decision regarding readmission will be made by the Nursing Admissions Committee and a letter sent to the student regarding the committee's decision. Readmission is not guaranteed. The decision of the Nursing Admissions Committee is final.

4. Talk to a counselor about your ACCUPLACER results and your educational goals. The applicant is responsible for ensuring requirements 1-4 have been met and all materials have been received. All admission criteria must be met. Completion of requirements does not guarantee admission.

5. All accepted applicants for admission to the Dialysis Technology program must submit a NCCCS "Student Medical Form" along with complete immunization records at new student orientation. The exam must be completed by a licensed healthcare provider. The accepted applicant's status is considered "pending" until this form is returned to and screened by the Dialysis Technology advisor. B. Readmission

Students enrolled in but not completing the Medical Assisting program who seek readmission will be considered in the applicant pool for the year they seek to return. No special consideration will be given. Readmission is contingent upon the student meeting the criteria of the readmission policy. Only one readmission to the Medical Assisting program is permitted. Readmission to the program is not guaranteed, regardless of the reason for dismissal (voluntary or involuntary). Students are readmitted on a space available basis for each medical assisting course. 4. Each request for readmission will be evaluated on an individual basis and no special consideration will be given to students previously enrolled in the program.
5. Students not currently enrolled in related courses whose AccuPlacer test is more than one year old at the time the readmission request is received, must retest. Students enrolled in related work at RichmondCC need not retest; however, they may retest if desired.
6. All requirements of the current admission policy must be met.
7. Students accepted for readmission must submit (1) an updated Health Sciences physical examination form no later than the first semester in which they re-enroll. If the student is requesting readmission in a semester which contains any clinical experiences, the student

MUST submit the updated Health Sciences physical form prior to beginning classes. (2) transcripts of all course work taken at other colleges since last enrolled at RichmondCC, and (3) references, if requested.

8. Students may be required to enroll in or audit all or select modules of a course previously taken to ensure competency.
9. Students who were withdrawn due to failing grades may be asked to submit an action plan which outlines steps they intend to take in order to increase their potential for success.
10. An Exit Interview form should be in the students' academic file folder located in the Medical Assisting Department.

Practical Nursing

The Department of Nursing is an integral part of the College and offers educational opportunities to qualified individuals who seek a career as a licensed practical nurse. Students pursue a planned course of study, which will help him/her develop intellectually, emotionally, and socially in preparation for nursing practice as a Licensed Practical Nurse (LPN).

The Practical Nursing curriculum prepares individuals with the knowledge and skills to provide nursing care to children and adults.

Students will participate in assessment, planning, implementing and evaluating nursing care.

Graduates are eligible to apply to take the National Council Licensure Examination (NCLEX-PN) which is required to practice as a Licensed Practical Nurse. Employment opportunities include hospitals, rehabilitation/long term care/home health facilities, clinics, and physician offices.

The program includes three nursing courses. In addition to classroom hours, the student will participate in clinical, skills, and computer laboratory experiences.

Prospective students need to be aware that clinical, skills and computer laboratory experiences may be taught during day, evening, night, or weekend hours and at different locations based on the availability of appropriate learning experiences for each nursing course. Certain hours for clinical, skills or computer laboratory experiences cannot be guaranteed. Transportation to clinical sites is the responsibility of the student.

Because of the academically demanding program of study in the nursing curriculum, it is highly recommended, but not required, that a student who anticipates enrolling in the nursing program completes several required general education courses prior to admission.

Upon graduation, the student receives the Practical Nursing Diploma and is eligible to apply to take the examination for licensure as a Licensed Practical Nurse (NCLEX-PN). Permission to take the licensing examination is granted by the state examining board. Please note: Graduates who have been arrested/convicted of a moral and/or legal violation of the law may not be granted permission to take the licensing examination.

Program Outcomes

The Practical Nursing Education graduate will:

1. Demonstrate knowledge of nursing practice necessary for performance as a licensed nurse in the provision of client-centered, culturally competent care.
2. Demonstrate the ability to function in the various roles of the licensed nurse and as a member of the interdisciplinary healthcare team.

3. Demonstrate critical-thinking skills and evidence-based practice in the utilization of the nursing process to meet the needs of culturally diverse clients.
4. Demonstrate the ability to practice in a variety of health care settings within the scope of practice for the licensed nurse.
5. Participate in activities which support the value of life-long learning, including the use of current technology and research in the provision of quality client care.
6. Demonstrate proficiency in written and oral communications as well as computer literacy.
7. Use informatics to communicate, manage knowledge, mitigate error, and support decision making.
8. Demonstrate knowledge of the value of quality improvement processes to measure client outcomes, identify hazards and errors, and participate in the development of changes in processes of client care.

Practical Nursing Admission Policy and Procedures

To enter the Practical Nursing (PN) program, a student must first be admitted to Richmond Community College (RichmondCC). Admission to Richmond Community College, however, does not guarantee admission into the program. A letter from the Admissions office will be sent to the student upon acceptance into the program. A letter from the Registrar will be sent to the student regarding transfer equivalency.

The following policies and procedures are utilized in admitting qualified students:

I. Admission Requirements

Applicants for the PN program must:

- A. Be a high school graduate or equivalent.
- B. Have a minimum high school or program GPA of 2.5. Program GPA will be determined based on the student's performance in the last 12 program hours or an un-weighted High School GPA. Points for admission will be based on GPA performance as defined in "Procedures for Calculating GPA Points for Admission".
- C. Score at the indicated levels or above on the RichmondCC Placement Assessment:
 ACCUPLACER

1. Reading	Standard score 80

Or NCDAP (North Carolina Diagnostic and Placement) composite score of 151 or higher.

*Applicants who fail to meet minimum scores on the placement test may reassess a maximum of two times in a 12-month period. (The 2 reassessments refer to either part or complete testing. If indicated levels are not achieved, the required developmental courses will need to be taken and completed with a "C" or better.)

- D. Meet with a counselor.
- E. Once the Counselor has determined that minimum admission requirements have been met, each applicant must schedule a time to complete the required departmental admission test (TEAS: Test of Essential Academic Skills). Scores from the admission test will be used in the point calculations for admission provided the minimum composite score has been met.
- F. Attend orientation session with the Nursing faculty and Admission Staff.
- G. Complete the pre-nursing program: Attendance at a minimum of 90% of the class meetings of each required module is mandatory for successful completion of the pre-nursing requirement.
- H. The following courses must not be more than five (5) years old at the time of admission to the program to receive credit for graduation: all courses with BIO or NUR prefixes. If BIO 165 or BIO 166 is greater than five (5) years old at the time of admission, the applicant must complete BIO 163 or retake BIO 165 and BIO 166.

II. Skills and Conduct Required for Successful Admissions to and Completion of the Practical Nursing Program.

Applicants to the Nursing program must realize that the program is challenging both academically and professionally. To be successful applicants should self-assess their ability to meet the academic, emotional, physical, and professional conduct requirements of the Nursing Program. Students must provide documentation of physical and emotional status compatible with the ability to provide safe nursing care. The following activities are examples of activities which a student in the nursing program would be required to perform in order to successfully complete the program. If an accepted applicant believes that he or she cannot meet one or more of the standards without accommodations or modifications, the applicant should consult with the Nursing Department Chair. A student who believes he or she qualifies under the American with Disabilities Act must see the Vice President for Student Services. Reasonable accommodations may be made for some disabilities; however, each candidate is expected to perform in a safe and reasonably independent manner.

- (a). Critical Thinking: Students shall possess critical thinking ability sufficient for clinical judgment. Example: students must be able to identify cause-effect relationships in clinical situations, and participate in development of nursing care plans.

B. Procedure for Admission

- 1. Submit a completed RichmondCC application.
- 2. Submit official copies of transcripts from all secondary and post-secondary institutions or a copy of GED transcript, if applicable.
- 3. Take the RichmondCC assessment test and achieve at required level or take the required remedial classes.
- 4. Schedule an appointment with a counselor to determine that minimum requirements have been met.
- 5. Schedule a time to complete the required admission test (TEAS).
- 6. After ALL transcripts are received by RichmondCC and the TEAS and assessment test scores are achieved or required remedial courses successfully completed, a personal interview with the Nursing Admissions Committee may be scheduled.
- 7. Submit a physical examination on the form provided by RichmondCC by a licensed physician, nurse practitioner, or physician's assistant. The applicant must show physical and psychological ability to perform normal nursing duties. Physical examination and lab data should be no more than three months old at the time of initial enrollment. Annual TB test results and proof of current CPR must be submitted. Findings from the physical examination are not used to determine admission status.
- 8. Students must purchase or show evidence of having professional liability insurance prior to enrollment in courses with a NUR prefix.
- 9. Students are responsible for obtaining their own health insurance policy as desired. Neither RichmondCC nor the affiliating institutions are responsible for medical expenses incurred as a result of illness or injury sustained during class, lab, or clinical experiences. (i.e., strained back, needle-stick).

C. PN Admission Criteria

Decisions regarding admission into the PN program are based upon an applicant's TEAS test score, GPA, and achievement in related courses. Each admission criterion is assigned a point value. The points are used to rank applicants for the purpose of selection into the program. In the event that applicants have identical total admission points, the person with the earliest file

completion date will be ranked higher. If the points are still identical, the person with the highest grade in BIO 165 will be ranked higher. Should candidates still be tied, the applicant with the highest grade in BIO166 will be ranked higher. If the candidates are still tied, the applicant with the highest grade in PSY 150 will be ranked higher. If the candidates are still tied, then the candidates' GPA for courses required in the PN curriculum will be used to break the tie.

D. PN Applicant Deadlines and Admissions Decisions

The deadline for applications including receipt of all transcripts and record of adequate test scores, is January 31 assuming that the desired admission date is the fall semester following the application deadline. Applicants meeting admission criteria may be scheduled for an interview beginning in late February through April. Applicants will be notified of admission status by May 31.

E. Alternate List for PN program

Qualified applicants not accepted because of space limitations will be placed on an alternate list in rank order and notified in that order of any vacancies related to that semester's admissions. Students must reapply for the next year if not admitted. Applications are not automatically carried over. No special consideration will be given to applicants who were on the alternate list the previous year. Applicants who want to improve their position are encouraged to meet with the Nursing Department Chair or counselor to discuss a plan of study.

VII. Admissions and Course Credit for Transfer Students

Transfer credit for non-nursing courses in the Nursing curriculum from accredited post-secondary educational programs will be determined on an individual basis in accordance with RichmondCC's transfer policy as stated in the general catalog. Transfer of credit for nursing courses in the PN Program from an accredited nursing educational program must be on an individual basis and in accordance with RichmondCC's transfer policy. The following courses must not be more than five (5) years old at the time of admission to the program to receive credit for graduation: all courses with BIO and NUR prefixes. In addition, there must be approval by the Nursing Department Chair. An interview with the Nursing Admissions Committee may be scheduled. Students will be required to pass a written theory and medication competency examination with a score of 80 or above for NUR course(s) successfully completed. Students may be required to perform appropriate nursing skills for course(s) successfully completed to ensure competency. Applicants for transfer must meet current admissions requirements and submit a letter from previous Program Director stating that there were no professional or clinical performance issues while enrolled in the NUR curriculum. If the transfer request follows an unsuccessful attempt of a NUR course from another college, the composite TEAS score must meet the same requirements as a student applying for readmission.

VIII. PN Progression Policy

Students enrolled in a nursing curriculum must obtain a grade of 80 or higher in all NUR courses and a 78 (C) or higher in all other courses in the Practical Nursing Curriculum in order to progress and graduate in the PN curriculum. In addition, nursing students will be required to pass a Medication Competency Test as defined in the Course Syllabus and Instructor's Course Requirements in order to administer medications in the clinical site and progress to the next nursing course. A program GPA of 2.0 is required for a student to remain in the nursing program and for graduation. Calculations of GPAs are limited to required courses in the nursing

curriculum. Courses taken outside the curriculum are not considered part of the program GPA. Readmission to the nursing sequence will be in accordance with readmission policies on a space available basis.

Use of External Exams

External standardized examinations shall not be used solely as a determinant of a student's progression or graduation.

Criminal background checks and/or drug testing are required by clinical agencies prior to a student's participation in the clinical component of a NUR course. Failure to meet clinical agency requirements will result in the student not having the opportunity to meet clinical objectives; therefore, the student will not be allowed to progress in the nursing curriculum. No clinical facility reassignments will be made.

It is important to note that the clinical site, not Richmond Community College, determines whether the result of the criminal background check/drug screening disqualifies the student from clinical activities. The hospital or other clinical agency, in its sole discretion, may request the removal of any student who, based on the results of the criminal background check/drug screening, the agency deems as inappropriate to provide care, treatment, or services.

PRACTICAL NURSING READMISSION POLICY

J. Students enrolled in but not completing or not achieving a grade of 80 or better in NUR 101 seeking readmission will be considered in the applicant pool for the year they seek to return. The student will be expected to meet current admission criteria. No special consideration will be given. The following procedure will be followed:

1. A student may reapply for admission to the PN program and meet with a nursing counselor.
2. Students who are currently enrolled in related coursework at RichmondCC need not retake the placement test; however, they may reassess if desired.
3. The Nursing Admissions Committee will review and approve requests for readmission. Decisions regarding eligibility for readmission will be made on an individual basis and determined based on available slots, GPA, TEAS test which must be 10% above the required composite score, the student's previous academic and professional performance in the program, and the ranking in the applicant pool. The Admissions Committee will meet with the student as needed. The student will be notified regarding eligibility for readmission.
4. Students selected for admission will be scheduled for an orientation session with other applicants and follow routine admission procedures.
5. Readmission will be limited to one (1) time.

II. Readmission after completing NUR 101 with grade of 80 or better is contingent upon the following process:

1. Readmission is not guaranteed.
2. All requests for readmission must be submitted in writing to the Nursing Department Chair and forwarded to the Nursing Counselor. The Nursing Admissions Committee will review and approve requests for readmission. Decisions regarding eligibility for readmission will be made on an individual basis and determined based on available slots, GPA, TEAS composite score which must be 10% above the required composite score and the student's previous academic and professional performance in the program. The Admissions Committee will meet with the student as needed. The student will be notified regarding eligibility for readmission.
3. All requirements of the current admissions policy must be met.
4. If readmitted for advanced standing, all requirements of the progression policy must be met.
5. Readmission is on a space available basis as determined by the Nursing Admissions Committee. (The Nursing Admissions Committee consists of the Nursing Department Chair, the Health Sciences Division Chair, the Registrar, the nursing counselor, and two nursing faculty members.)
6. Readmission will be limited to one (1) time. A student who is accepted for readmission and does not enroll for the semester accepted shall go through the entire admission procedure the next time an application is made.
7. Students accepted for readmission shall submit (1) an updated physical and emotional health report, (2) transcripts of course work taken at other colleges since last time enrolled at RichmondCC, and (3) current TB and CPR certification.
8. An interview with the Nursing Admission Committee may be scheduled.
9. Students may be required to pass a written theory and medication competency exam with a score of 80 or above for course(s) successfully completed to be readmitted into the Nursing program.
10. Students may be required to perform appropriate nursing skills for course(s) to ensure competency.
11. No competency exams are administered for a course not taken.

NURSING DISMISSAL POLICY

In addition to the nursing progression policy, the nursing faculty reserves the right to dismiss a student from the nursing program for the following reasons:

- A. Failure to function within the North Carolina Nursing Practice Act, ANA Code of Ethics, and/or Standards of Practice.
- B. Negligent acts that result in harm or potential harm to a patient.
- C. Infraction of health agency policies while on affiliation in that agency.

- D. Violation of the patient's right to privacy by not protecting information of a confidential nature.
- E. Performance and/or behavior deemed unsafe as characterized by dangerous, inappropriate, irresponsible, or unethical behaviors that actually or potentially places the patient, family, healthcare team members, faculty or peers in jeopardy.
- F. Unprofessional behavior.
- G. Failure to successfully complete the Medication Administration Competency Exam as defined in the course ICR/Syllabus.
- H. Behavior which reflects impaired judgment and/or behavior which requires an inordinate amount of instructor time as determined by the Nursing Department Chair. Impaired judgment is defined as a failure to assess or act appropriately on information that a majority of students at the same level would recognize as important to patient health and safety.
- I. Behavior or appearance which provides reasonable suspicion that the student is under the influence of alcohol, controlled substances, or illicit drugs. The student may be required to submit to drug screening at the student's expense. Facilities which provide clinical experiences reserve the right to require testing in compliance with drug and alcohol policies of the institution. Failure to comply will result in dismissal from the program. The clinical facility has the right to deny the student clinical access to the facility. Should the student be denied clinical privileges, the student will be dismissed from the program.
- J. A positive drug screen or criminal background check determined unsatisfactory by any clinical agency.

Any student who is recommended for dismissal from a Nursing curriculum will have a conference with the instructor and the Nursing Department Chair to discuss the reason(s) for dismissal. If the student disagrees with the dismissal, he/she should contact the Vice President for Student Services. The Vice President for Student Services, in consultation with the Nursing Department Chair, will make a recommendation to readmit or decline readmission into the current course/semester. If the student disagrees with the recommendation of the Vice President of Student Services, he/she may appeal to the President of the College. This appeal must be filed with the President of the College within seven (7) days of the date of the decision. After the appeal is filed, the student will meet with the President of the College. The President's decision will be final.

Any student dismissed from the Nursing program under the Nursing Dismissal Policy has thirty (30) days to notify the Nursing Department Chair in writing of their intent to request readmission to the Nursing program in a subsequent semester. The applicant's request for readmission will be reviewed by the Nursing Admissions Committee. A meeting with the Nursing Admissions Committee may be required. The decision regarding readmission will be made by the Nursing Admission Committee and a letter sent to the student regarding the committee's decision. Readmission is not guaranteed. The decision of the Nursing Admission Committee is final.

Tuition and Expenses

The Community College System was established to make postsecondary occupational education readily available to all adult citizens. The state provides considerable financial support for local institutions which keeps tuition at a reasonable cost to students. In addition, several financial aid programs are available to assist the curriculum student with the costs of postsecondary education.

Curriculum Tuition and Fees

Tuition is set by the State Board of Community Colleges and is subject to change. Visit www.RichmondCC.edu for current tuition costs. Tuition and fees must be paid at the time of registration. A student activity fee is required of all curriculum students. The fee is \$25.00 for students enrolled 12 or more semester credit hours, \$18.00 for students enrolled less than 12 semester credit hours, and no fee for summer semesters. Residence Classification for Tuition

Under North Carolina law, a person may qualify as a resident for tuition purposes in North Carolina, thereby being eligible for a tuition rate lower than that for nonresidents. In essence, the controlling North Carolina statute (G.S. 116-143.1) requires that “To qualify as a resident for tuition purposes, a student must have established legal residence (domicile) in North Carolina and maintained that legal residence for at least twelve (12) months immediately prior to his or her classification as a resident for tuition purposes.” Ownership of property in or payment of taxes to the state of North Carolina does not automatically qualify one for the instate tuition rate. Failure to provide requested information for residency classification can result in the student being classified as a nonresident for tuition purposes and disciplinary action.

A student who believes he or she has been erroneously classified shall be permitted to appeal the case in accordance with the procedure outlined by the State Residence Committee. Regulations concerning the classification of students by residence for purposes of applicable tuition differentials are set forth in detail in A Manual to Assist the Public Higher Education Institutions of North Carolina in the Matter of Student Residence Classification for Tuition Purposes.

Tuition Refunds

A tuition refund for the full amount of tuition and fees shall be granted if a student officially withdraws from a class or from college before the official starting date of the semester. Also, a student is eligible for a full refund if the class in which the student is officially registered fails to be offered due to class cancellation.

If a student officially withdraws from a class or from college on or before the 10% date of the semester, the student shall receive a 75% refund.

For classes beginning at times other than the first week (seven calendar days) of the semester, a full refund shall be made if the student officially withdraws from class prior to the first class meeting. A 75% refund shall be made if the student officially withdraws from the class on or before the 10% point of the class.

As a part of the official withdrawal, a student must request the tuition refund by completing the "Tuition Refund Form" available from Student Services.

Where a student, having paid the required tuition for a semester, dies during that semester (prior to or on the last day of examinations), all tuition and fees for that semester shall be refunded to the estate of the deceased.

To comply with applicable federal regulations regarding refunds, federal regulations regarding refunds shall supersede state regulations when applicable.

Military Tuition Refund

In the event a student who is in the United States Armed Forces or National Guard has received temporary or permanent re-assignment as a result of military operations or State active duty during an academic term, RichmondCC shall grant excused absences, upon request of the student, for the period of time the student is on active duty.

If desired, the student shall receive the opportunity to make up any tests or other work missed during the excused absences and, when feasible, to continue classes and coursework during the academic term through online participation for the period of time the student is placed on active duty. The student shall also have the opportunity to receive a grade of incomplete (I) for the course(s) missed due to active duty assignment. However, the student must complete the course requirements within the period of time specified by the college to avoid receiving a failing grade for the course.

Upon request of the student, RichmondCC may remove the student from course(s) without penalty and grant a full refund of tuition and fees if the student is not able to complete the course(s) missed due to active duty assignment. To every extent possible, RichmondCC will assist students in coordinating with the bookstore for potential refunds on textbooks.

Textbooks

Books should be purchased at the bookstore during registration. A textbook usually costs between \$50 and \$125 depending upon the course. Students should budget from \$300 to \$400 per semester to cover the cost of textbooks.

Audit Students

Tuition and fees for audit students are the same as for regular students.

Tutoring

There is no charge to the student for tutoring services.

Academic Success Center

Instruction in the Academic Success Center is free and there is no charge for the materials, books or tutors used by the students in the center. However, if desired, books used may be purchased from the bookstore by the student.

Students who can demonstrate course repetition is required by standards governing the certificate or licensing program in which they are enrolled are exempt.

Student Financial Assistance

The purpose of financial aid is to supplement the resources of the student and the family. Richmond Community College (RichmondCC) makes every effort to insure every qualified student will have an opportunity to attend, regardless of financial ability. Satisfactory Academic Progress Policy for Financial Aid Recipients

Purpose

The purpose of financial aid at Richmond Community College (RichmondCC) is to supplement the resources of the student and the family. The College makes every effort to ensure that every student will have an opportunity to attend, regardless of financial ability. However, students have responsibility for their own education and must pursue and complete course work, which

permits them to meet degree requirements within a reasonable timeframe. Successful completion of a diploma or degree requires that a student earn a cumulative grade point average (GPA) of 2.00 (C) on all hours completed in that degree curriculum.

In compliance with appropriate Federal Regulations, RichmondCC will adhere to the policies stated in this section for determination of satisfactory academic progress for students receiving assistance through RichmondCC's Financial Aid Office. This includes federal, state, and institutional aid. (See separate policy for Veteran students.) Students must maintain satisfactory academic progress before financial aid can be awarded. The Financial Aid Office is required to evaluate the student's entire academic record in determining the student's compliance regardless of the age of the record or whether or not aid was received. Certain special awards, i.e., academic scholarships, may require higher academic achievement than the standard policy.

Policy Statement

In order to be eligible for financial aid, students must meet the following minimum guidelines at the end of each semester:

1. **Qualitative Standard** – All financial aid recipients must maintain a minimum cumulative grade point average (GPA) of 2.00 at the end of each semester.
2. **Quantitative Standard** - Students must make progress toward their degree or diploma by successfully completing a minimum percentage of coursework attempted. Students must maintain the proper pace of progression to ensure that they complete a degree program within the maximum timeframe. Successful completion is defined as completion of at least 67% of the total hours attempted with a grade of A, B, C, or D. The pace of progression toward a degree is measured by dividing the cumulative hours the student has completed by the cumulative hours the student has attempted. Courses resulting in final grades of F, I, U, X, W, WP, WF, and NF are not considered as successfully completed. All courses taken for credit in which a student is enrolled after the official tuition refund period has ended are counted as attempted hours and are shown on the academic transcript. Courses resulting in final grades of AU, AP, AR, MT, and NA are not considered as attempted or earned hours.
3. **Maximum Timeframe** - Students must complete their educational program of study in a timeframe not to exceed 150% of the published length of program for full-time students. This will be measured in credit hours attempted (e.g., if the academic program length requires 65 credit hours to graduate, the maximum time frame or pace of progression cannot exceed 98 credit hours attempted). All hours attempted at Richmond Community College and hours transferred from other post secondary institutions, regardless of when they were attempted, are counted toward the maximum timeframe for program completion. An additional 30 credit hours may be allowed for required remedial coursework.

Eligibility Status

Satisfactory: Satisfactory status is achieved when the student's cumulative GPA is a 2.00 or higher, the cumulative completion rate of courses is 67% of his attempted credit hours at the end of each semester, and the credit hours attempted by the student do not exceed 150% of the published length of the program for a full-time student.

Warning : A student whose cumulative grade point average is below 2.00 and/or has not completed 67% of his cumulative attempted credit hours will be placed on financial aid warning for the following semester. A warning period allows the student to receive financial aid for one semester even though the student does not meet all of the requirements. At the end of the warning period, if the student meets all of the Satisfactory Academic Progress requirements, he remains eligible for continued financial aid.

Termination: At the conclusion of the warning period, if a student's cumulative grade point average is below a 2.00 GPA and/or the student's cumulative completion rate of courses is below the required 67% completion of attempted credit hours, the student's financial aid will be terminated. Also, students who have attempted the maximum allowable credit hours for their program will have their financial aid terminated.

Probation: Students who have had their financial aid terminated because they did not make satisfactory academic progress have the right to an appeal. The appeal procedures are outlined below. Students whose appeals have been approved will be placed on financial aid probation for one semester. Their academic progress will be reevaluated at the end of that semester. Students who meet the satisfactory academic progress guidelines will be re-instated. Those who do not meet the standards will have their aid terminated. Students may file another appeal if they feel there are mitigating circumstances which hindered their progress. Federal regulations do not provide (allow) for a second appeal that immediately follows a previous probation period. While a student may, over the course of an entire academic career, repeat the financial aid probation period, two such periods cannot be consecutive without an intervening period where the student makes Satisfactory Academic Progress (SAP).

Academic Plan/Continued Probation: If a student has a Financial Aid Appeal approved and it is clear that the student WILL NOT be able to meet the progress requirements by the end of the semester for which the student is appealing, the student MUST meet with an Academic Counselor/Advisor who will place the student on an Academic Plan that if followed will ensure that the student will be able to meet the Richmond Community College SAP requirements by a specific point in time without exceeding 150% of the student's degree program. The student must submit a copy of the completed Satisfactory Academic Progress Policy Financial Academic Plan form to the Financial Aid Office within one (1) week of receiving the form following the approved appeal. Students with an appeal approved with an Academic Plan will be considered under the status of "Probation with Academic Plan" meaning the student is eligible for financial aid as long as the student adheres to the Academic Plan as well as earn a 2.5 GPA and successfully completes at least 75% of the total classes attempted each semester they are enrolled while on the Academic Plan.

Special Notes

1. **Withdrawal from College and/or Course Withdrawals (W)** - Students who withdraw from classes at Richmond Community College should understand their withdrawal may affect their eligibility for financial aid as determined by this

Satisfactory Academic Progress Policy (SAP). Withdrawal from the College and/or course(s) before the end of the official Tuition Refund Period (census date for the semester or course, whichever comes first) are not calculated in the SAP.

2. **Student Initiated Withdrawal Between 10% and 75% of Semester (W)** – After the end of the official Tuition Refund Period (census date for the semester or course, whichever comes first) a student who voluntarily withdraws from a course(s) will receive a “W” grade. This grade will count as an attempted course and will affect the student’s ability to meet the quantitative requirements and complete his program within the maximum timeframe.
3. **Student Initiated Withdrawal After 75% Point (WF)** – A student who officially withdraws from a course(s) after the 75% point of the term will receive a “WF” grade. A course for which a “WF” grade is given will count as an attempted course and will be counted as an “F” in computing grade point averages.
4. **Instructor Initiated Withdrawal Before 75% Point (W)** – A student withdrawn from a course(s) in this manner will receive a “W” grade. This grade will count as an attempted course and will affect the student’s ability to meet the quantitative requirements and complete his program within the maximum timeframe.
5. **Instructor Initiated Withdrawal After the 75% Point of the term (WP or WF)** – If a student violates the attendance policy, the instructor will assign a “WP” or a “WF” grade according to the quality of a student’s performance at the time a student is withdrawn. A course for which a “WP” grade is given will count as an attempted course and will affect the student’s ability to meet the quantitative requirement to complete his program within the maximum timeframe. A course for which a “WF” is given will count as an attempted course and will be counted as an “F” in computing grade point averages.
6. **Failures (F)** - Grades of “F” are used when computing the GPA and cumulative attempted hours, but do not qualify as successful completion of credit hours attempted. These grades will negatively impact the student’s ability to maintain compliance with the SAP standards.
7. **Non-completion Failure (NF)** – Grade of NF is assigned when a student unofficially withdraws from a course. This grade is used when computing the GPA and cumulative attempted hours, and will have a negative impact on a student’s grade point average.
8. **Grades of “Incomplete” (I)** - An incomplete will count as attempted hours but not completed hours and will have a negative impact on GPA. No earned hours will be posted until a grade has been assigned to the coursework. Students with “incompletes” may have difficulty meeting the satisfactory academic progress requirements at the time of evaluation, but may be reevaluated upon completion. The student must make a written request to the Financial Aid Office when the

coursework has been completed. The request form is available on the Richmond Community College website.

9. **Never Attended Classes (NA)** - Credit hours for which a student registers but never attends will not be counted as attempted or earned hours. **The student is responsible for paying for charges for unreturned books and supplies.**
10. **Course Repeats** - Students may be allowed to repeat a course in accordance with the policy outlined in the College Catalog. For financial aid purposes, all hours attempted and/or completed will be counted in cumulative hours. However, only the highest grade will be counted in the grade point average. Therefore, it is possible that a student repeating coursework may not be in compliance with the quantitative and maximum timeframe component of this policy.
11. **Remedial Coursework** - Remedial coursework will count in the number of attempted and earned hours and grades given for these courses will affect GPA. In addition, there is a limit of 30 semester hours of remedial coursework that can be included in a student's enrollment status which will not count in the 150% timeframe. In accordance with Federal regulations, students can only be paid Federal financial aid for 30 remedial hours. This includes attempted as well as earned hours.
12. **Audited Courses** – An audited class is not included in the enrollment hours for purposes of awarding financial aid funds. The audited hours will not count as attempted or earned hours.
13. **Transfer Credit** - Transfer credit is included in the total hours attempted and earned.
14. **Proficiency (Credit by Exam)** - While a credit by exam ("X") is not included in the enrollment hours for purposes of awarding financial aid, the attempted and completed credits are counted in each component of the quantitative standard and the maximum timeframe.
15. **Summer Session** – Credit hours attempted and earned during the summer session are included in the calculation of SAP. Full-time status is the same for the summer session as it is for the fall and spring semesters. (12 credit hours).

Monitoring and Notification Process

It is the responsibility of the student to be aware of his satisfactory academic progress status for financial aid eligibility.

To determine a student's academic progress status and eligibility for financial aid, a student's academic record will be evaluated at the end of each semester or period of enrollment. Once the student is determined to be ineligible for financial aid, the student will be sent written notification informing him that he is being placed on financial aid warning for one semester due to failure to maintain satisfactory academic progress standards. If the student does not meet all of the requirements at the end of the warning semester, he is determined to be ineligible at that

time for aid and the student will be terminated from the financial aid programs. The student will be sent written or email notification informing them that his financial aid eligibility has been terminated. This notification will also appear on WebAdvisor.

In addition, Richmond Community College checks to ensure the student is making satisfactory academic progress in each payment period before aid is disbursed.

Regaining Satisfactory Academic Progress

In order to regain financial aid eligibility, the following steps may be taken:

Maximum Time Frame (150%)

Students who exceed the maximum allowable timeframe to complete a program of study must provide a Graduation Plan Form signed by their Academic Advisor or Student Services Counselor. The student will submit the Graduation Plan form to the Financial Aid Office. The form will be reviewed by the Financial Aid Appeals Committee. The Graduation Plan form is available on the RichmondCC website and should be submitted to the Financial Aid Office.

Qualitative Standard (Cumulative GPA)

Deficiencies in cumulative grade point average (GPA) can be remedied by taking courses at RichmondCC without the benefit of federal financial aid until the required GPA has been attained. If the student is successful in bringing up the GPA to the required level, the student must make a written request to the Financial Aid Office for appeal. The form is available on the RichmondCC website.

Quantitative Standard (Completion of 67% of Attempted Hours)

Deficiencies in hours earned may be remedied by successfully earning hours at RichmondCC without the benefit of federal financial aid. If the student is successful in bringing up the percentage of completed courses to the required 67% completion rate, the student must make a written request to the Financial Aid Office for appeal. The form is available on the RichmondCC website.

Financial Aid Appeals Process

A student who has become ineligible for financial aid due to lack of satisfactory grade point average or percentage of credit hours completed, or for exceeding the maximum time frame, may appeal his status to the Financial Aid Committee. Federal regulations allow the Financial Aid Office to extend eligibility to students who fail to meet minimum standards if they can document that there were mitigating circumstances beyond their control that caused them to perform below standards. Mitigating circumstances may include but are not limited to the following:

1. Serious illness or injury that prevented the student from completing his classes.
2. Death in the student's immediate family.
3. Unusual situation over which the student had no control that prevented him from successfully completing his classes.

Appeals must be made in writing on a Financial Aid Satisfactory Academic Progress Appeal Request Form. These forms are available online. Included in the appeal should be a description of the circumstances which caused the student not to make satisfactory academic progress. In addition, the student should describe how those circumstances have changed in order for him to successfully meet the conditions for progress. All appeals along with any supporting documentation must be submitted to the Financial Aid Office. The Vice President for Student Services or the Director of Financial Aid will notify the student in writing, email, or by phone of

the decision made by the Committee. The decision will also be seen on WebAdvisor. The decision of the Financial Aid Committee will be final.

Overpayments

In the event a student receives an overpayment of his/her financial aid, the overpayment must be repaid by the student, no matter what the reason for the overpayment. The College must notify the U.S. Department of Education if it has serious difficulty in collecting an overpayment from a student.

The student will not be eligible for additional federal financial aid until the overpayment is resolved. The College will not release academic or financial aid transcripts until the overpayment is paid.

Federal Pell Grant

This federal aid program is designed to provide financial assistance to undergraduates entering post-high school educational institutions. The amount of a student's grant is dependent upon the financial status of the student according to an annual congressionally approved formula adopted for the program.

Verification

Verification is the process used to check the accuracy of the information a student has given when applying for federal financial aid (Federal Pell Grant, FSEOG, FWSP). The purpose of verification is to make sure students are providing accurate information about their need for financial aid. Students selected for verification by the processing service or the Financial Aid Office are required to submit the required documentation as soon as possible. The required documentation may include a verification worksheet, a 1040, 1040A, or 1040EZ, a written statement verifying untaxed income, statement of educational purpose/default/repayment certification and statement of registration status. Failure to provide required documentation may result in forfeiture of funds. The Financial Aid Office must be notified if the student is unable to acquire this documentation as soon as possible. The Financial Aid Office will notify the student of his/her verification status on WebAdvisor or by U.S. mail.

Payment of Awards

Financial aid funds (with the exemption of Federal Work-Study or Work-Scholarship funds) are distributed to students by directly crediting their Accounts Receivable. Students wishing to use financial aid funds to pay tuition, fees, books, and supplies must sign a form with the Financial Aid Office authorizing the deduction of the cost from their awards. Any remaining funds will be paid directly to the student approximately four weeks following the last day to withdraw from classes with a tuition refund. Students are given written notification of the exact disbursement dates. Checks will be mailed to the student's address on file with the Registrar's Office. Federal Work-Study and Work Scholarship funds are paid directly to the student on a monthly basis after properly signed timesheets are submitted. Timesheets must be submitted to the Financial Aid Office by the tenth day of each month. Checks are mailed to the student's home address on the last workday of the month.

Early Scheduling/Tuition Payment

Students will be given the opportunity to schedule classes early for each semester. Once the student has scheduled classes, he is expected to attend those classes. If he decides to change his schedule or not to attend RichmondCC, he must see a counselor in person to officially withdraw from the scheduled classes. Failure to withdraw from the classes will result in an overpayment of financial aid funds. This overpayment could prevent the student from receiving future financial aid funds at RichmondCC or any college until the overpayment is repaid. The student will be responsible for repaying the financial aid funds. Also, the student will receive Never Attends (NA's) for the classes he does not attend. This will affect the student's academic progress and may prevent the student from receiving future financial aid funds at RichmondCC.

Required Repayment of Pell Grant and Other Financial Aid (Return to Title IV Funds Policy)

The Federal Return to Title IV Funds Policy affects any student receiving federal financial aid (Pell, FSEOG) who withdraws or is withdrawn by instructor(s) from all classes. Federal Work-Student funds are excluded from this policy.

Under this policy, if you receive federal financial aid and you withdraw or are withdrawn by instructor(s) from all classes before completing more than 60% of the enrollment period, you will be required to return federal financial aid funds.

For example:

Ima Student is enrolled in the Accounting curriculum. She must drop out of college to help her parents harvest the peach crop. Ima was awarded \$1650 Pell Grant funds for the semester. She used \$600 of the \$1650 on registration day to pay tuition, fees, books, and supplies. A check for the other \$1050 was sent to Ima to use for living expenses. She dropped out of day 31 of the 118 day semester (calendar days). Ima was enrolled for 26% of the semester (31/118). She earned 26% of the \$1650 or \$429. Seventy-four percent (74%) of the \$1650 or \$1221 must be returned to the Pell Grant program. RichmondCC is responsible for returning \$777 to the Pell Grant program ($\$1221 - 444 = \777). Lucky for Ima, the funds she received were grant funds. The new Federal policy states that if the funds received were grant funds, then the student can reduce the repayment by 50%. Therefore, Ima must repay only \$389 to the Pell Grant program ($50\% \text{ of } \$777 = \389).

Beware—Under this policy, every student who withdraws completely or is withdrawn by instructor(s) on or before the 60% point of the semester will be required to repay funds.

Lifetime Total for Federal Pell Grant

The amount of Federal Pell Grant funds a student may receive over his or her lifetime is limited by federal law to be the equivalent of six years of Pell Grant funding. Since the maximum amount of Pell Grant funding a student can receive each year is equal to 100%, the six-year equivalent is 600%. Students who have attended school on a part-time basis can receive Pell Grant for a longer period of time.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant is a federal aid program designed for students with the greatest financial need. Priority is given to Federal Pell recipients with a zero expected family contribution.

Federal Work-Study Program

This program, when available, provides jobs on campus to qualified students. During the academic year, work-study employment is limited to a certain number of hours per week. Employment in the Federal Work-Study program is also limited to available funds. Funding of the program is based on contributions from local sources matched with federal monies. A Free Application for Federal Student Aid form must be submitted. Funds are given to students with financial need. Jobs are then assigned by the Financial Aid Office, with the approval of the Financial Aid Director.

College Funds Installment Payment Plan

This plan is available to help students pay tuition and fees that are not covered by financial aid or other resources. Smaller, interest-free monthly payments may be arranged rather than paying a full lump sum at the beginning of the semester. Payments are due on or before the first of each month and may be made by check, money order or automatic bank draft. A nonrefundable enrollment fee is required. Apply online at www.CFNC.org/cfipayplan.

The N.C. Community College Grant Program

This need-based program assists North Carolina residents whose Pell Grant may not be sufficient to cover tuition, fees, and required books. Students must be admitted and enrolled for at least six hours per semester, have completed and submitted the Free Application for Federal Student Aid (FAFSA), qualify for the grant based upon a valid Expected Family Contribution under Federal Methodology and the program's recognized "required education expenses" for attending a North Carolina Community College; and meet all other eligibility requirements for the federal Pell Grant. The award amounts vary based upon the individual student's eligibility.

North Carolina Education Lottery Scholarship

Recipients are selected based on the information provided by the student on the Free Application for Federal Student Aid. Students not eligible for the Federal Pell Grant with an estimated family contribution of \$5,000 or less will be eligible for the ELS. Recipients must be NC residents and enroll for at least six credit hours per semester.

Department of Veterans Affairs

Richmond Community College curriculum education programs are approved by the North Carolina State Approving Agency for the enrollment of persons eligible for education assistance benefits from the U. S. Department of Veterans Affairs. Those entitled to DVA benefits are eligible veterans, participants in the Montgomery G.I. Bill contributory program, active duty military in voluntary education programs, drilling National Guard, drilling Reservists, and spouses and children of disabled or deceased veterans. The VA Certifying Official provides information and assistance to students applying for DVA educational benefits.

To be eligible for educational benefits, the student must be enrolled in an approved curriculum, taking only those courses required for graduation in the chosen curriculum.

The student must maintain satisfactory academic progress as set by the policy of RichmondCC.

Procedures for Veteran's Benefits

VA regulations governing institution-approved training of veterans and/or dependents of veterans require that certain documents be on file prior to certification for veteran's benefits.

1. Application for admission.
2. High school transcript or GED scores, transcript of academic record for each college previously attended, and military transcripts.

The veteran or other eligible student may not receive DVA benefits for enrollment in the following: (1) course audits, (2) repeated courses except to attain the academic requirement for a specified grade-level in a course, (3) courses not required in chosen curriculum, (4) courses completed by proficiency, (5) continuing education classes, (6) dropped or withdrawn classes, (7) special credit, and (8) classes that the student has stopped attending. All veterans and dependents of veterans receiving education benefits are required to submit an Enrollment Certification Worksheet each semester to the VA School Certifying Official. A student will not be certified for benefits until this worksheet is submitted. If education benefits provide payment of tuition and fees, the Enrollment Certification Worksheet must be submitted prior to the payment deadline to ensure courses are not deleted from your account. In the event payment is not confirmed from VA, the student will be responsible for payment of all tuition and fees. Students receiving VA benefits must submit an Attendance Verification Worksheet every two weeks to the VA School Certifying Official. The Attendance Verification Worksheet must include the instructor's signature or approving email. Failure to submit the Attendance Verification Worksheets could result in termination of your current VA benefits. Students receiving VA benefits must notify the VA School Certifying Official of any changes in course load, attendance, or enrollment status within three days of the change. Failure to notify the VA School Certifying Official of these changes may result in termination of certification of current and future enrollments. Course withdrawals, non-completion courses, and courses not required for program completion may result in financial penalties including but not limited to repayment to the Department of Veterans Affairs and/or Richmond Community College.

Satisfactory Progress for Veterans

All veterans and dependents of veterans enrolled at RichmondCC and receiving VA education benefits are required to maintain satisfactory academic progress toward meeting his/her academic goals. The cumulative Grade Point Average (GPA) is reviewed at the end of each semester to determine whether the student has made the expected progress. The minimum cumulative GPA to remain in good standing at RichmondCC is a 2.0. Students should refer to the Satisfactory Progress Standards for Academic Warning, Probation, and Suspension Policy if their GPA falls below a 2.0. In the event a veteran or dependent of a veteran is placed on Academic Warning, the student will be allowed enrollment certification for one semester to increase their GPA to at least a 2.0. Subsequently, if the student is placed on Academic Probation, no certification will be submitted until the student raises their GPA to at least a 2.0.

Overpayment of DVA Benefits

The law requires that the DVA must collect all benefits paid to a beneficiary for a course for which the grade assigned is not used in computing the requirements for graduation including a course from which the beneficiary withdraws, unless there are mitigating circumstances. This means that if the veteran or other eligible person drops a course, unless he/ she can show the DVA that there are mitigating circumstances, he/she must return all the money paid to him/her for pursuit of that course from the start of the term, not merely from the withdrawal date.

Examples of acceptable mitigating circumstances are prolonged illness, severe illness or death in the immediate family and unscheduled changes in employment or work schedule. Examples of unacceptable mitigating circumstances include withdrawal to avoid a failing grade, dislike of instructor and too many courses attempted. The veteran or other eligible person will be required to submit evidence to support his/her reasons for withdrawal. If the DVA determines that the veteran did not have acceptable mitigating circumstances, an overpayment of benefits will be created. The DVA will attempt to collect any overpayments from a veteran or other eligible person by making a written request for payment and withholding future benefit payments. Debts may be referred to collection agencies or the Justice Department. Approval of DVA home loan guarantees may be delayed pending satisfactory repayment arrangements. Federal income tax refunds may be withheld and applied to DVA debts.

Attendance

Veterans will comply with Richmond Community College class attendance policies and attendance requirements from the Department of Veteran's Affairs.

The College offers a comprehensive program of student development services designed to meet the needs of part-time and full-time students. Career Center

RichmondCC offers many services for individuals seeking employment and for employers who need a quality workforce. These services include interests, abilities, and values assessments, career counseling, resume writing, training, and preparation for new job opportunities. Before students enroll in college or become too involved in their chosen degrees, they should ask themselves the following questions:

1. Why do I want a degree in this field?
2. What do I plan to do with this degree when I graduate?

3. Do I, or will I, enjoy most of the courses I am required to take?

4. Am I aware of my capabilities and interests?

If students have difficulty answering these questions, they may want to schedule an appointment with one of the counselors in Student Services to participate in the assessment services offered through the Career Center.

If students are satisfied with their chosen majors, the Career Center can still serve them in a variety of ways. Many students use the Career Center daily to acquire valuable, up-to-date information on:

1. Colleges and universities throughout the country.
2. Occupations, job descriptions, employment outlook, and salary possibilities.
3. Resume writing.
4. Job interview skills.
5. Financial aid sources.
6. College transfer opportunities.

There are no charges for any of the services offered by the Career Center.

Services for Student with Disabilities

A student who receives a grade of “AU” was registered for and took the course but did not earn credit for the course. An audited class is not included in the enrollment hours for purposes of awarding financial aid funds. The audited hours will not count as attempted or earned hours.

A student who receives a grade of “SR” was registered for and took the course under the special provision for senior citizens but did not earn credit for the course. An audited class under the special provision for senior citizens is not included in the enrollment hours for purposes of awarding financial aid funds. The audited hours will not count as attempted or earned hours.

A student who receives a grade of “AP” has earned credit by taking an AP high school course and passing the state test for that AP class with at least the minimum score set by the college for the college course equivalent.

A student who receives a grade of “AR” has earned articulated credit.

Some Workforce and Economic Development programs qualify for articulation credit in specific curriculum programs. These programs have been identified by a Memorandum of Agreement and approved by the Richmond Community College Board of Trustees.

The grade of “I” is assigned at the discretion of the instructor when a student who is passing has not completed all work in the course due to circumstances beyond his/her control. The “I” must be removed by making up the work during the first six weeks of the next semester (including summer semester) at which time a grade will be assigned by the instructor. Failure to do so will result in the “I” grade being changed to a grade of “F”.

The symbol “MT” on academic transcripts will indicate credit earned for military educational experience. Credit hours will be assigned for such credit; however, no quality points will be assigned.

A student who receives a grade of “NA” was registered for, but never attended, the course. This grade is not included in hours attempted in GPA calculations. The course grade does, however, count as attempted but not earned hours. Students receiving financial assistance should review the Satisfactory Academic Progress Policy to understand how a grade of “NA” affects their financial assistance.

When a student satisfactorily passes a DRE or DMA course, a grade of “P” will show on the course transcripts indicating the passing of this course. When a course needs repeating a transcript code of “R” will show.

Work-based learning courses provide work-based learning experiences with a college-approved employer in an area related to the student’s program of study. Therefore students either earn an “S” for satisfactory work or a “U” for unsatisfactory work in the course.

If the student withdraws before the 75 percent date, as recorded on the academic calendar, the student will receive a grade of “W” for the class and will not receive credit for the course. The “W” grade will not be used to compute hours earned or to compute the student’s grade point

average. However, if the student withdraws after the 75 percent date, as recorded on the academic calendar, the student will receive a grade of “WF.” The “WF” grade is calculated as an “F” in computing the student’s GPA.

The grade of “NF” is assigned to a student who did not officially withdraw from a course but who failed to participate in course activities through the end of the course period.

If a student withdrawal after the 75% point of the term but has a quality performance of passing the course at the time of withdrawal, the grade of “WP” will be assigned. A course for which a “WP” grade is given will count as an attempted course and will affect the to meet the quantitative requirements to complete his program within the maximum timeframe.

A grade of “X” (Proficiency) will be recorded on the student’s transcript upon successful completion of the proficiency exam. Credits earned will be applied toward graduation requirements but will not affect the student’s Grade Point Average (GPA). Proficiency Credit cannot be requested for a course which the student previously attempted.

Grade Point Average

The grade point average (GPA) is a way to give objective value to grades on courses that have different hours.

In order to receive a degree, diploma or certificate from RichmondCC, a student must have a grade of “C” or better in all core courses for the program of study. Core courses are listed with each curriculum requirements section of the catalog.

How to Figure GPA

List the courses taken, the credit hours for each course, the grades earned, and the quality point credit for each grade.

Grade points are as follows: A = 4 points, B = 3 points, C = 2 points, D = 1 point.

Multiply the credit hours times the quality points earned for each course.

Course	Credit Hours	Grade	Points	Total Quality Points
ENG 111	3	C	2	6
MAT 140	3	C	2	6
ACA 111	1	A	4	4
BIO 111	4	B	3	12
HIS 112	3	D	1	3
	—			—
	14			31

Divide the total number of quality points by the number of credit hours attempted. Ex. $31 \div 14 = 2.21$ grade point average (GPA).

Satisfactory Academic Progress Policy

A. Satisfactory Progress Standards

Each student is expected to make satisfactory progress toward meeting his/her academic goals. The cumulative Grade Point Average (GPA) is reviewed at the end of each semester to determine whether the student has made the expected progress. The minimum cumulative GPA to remain in good standing at Richmond Community College is a 2.0.

B. Academic Warning, Probation, and Suspension

A student whose cumulative GPA falls below 2.0 for any given semester will be placed on academic warning for the following semester. Notification will be sent to the student and his/her advisor within a week after semester completion. The student should meet with his/her advisor to discuss ways to improve his/her grades and to discuss services available at RichmondCC.

A student on academic warning, whose cumulative GPA remains below the Satisfactory Progress Standards (2.0), will be placed on academic probation for the following semester. Notification will be sent to the student, as well as to the advisor, before the next registration process begins and within a week after the semester completion. To improve his/her GPA, a student on academic probation should retake courses where he/she has a D, F, or WF. The student will be required to meet with his/her academic advisor to work out a plan to improve his/her academic performance.

A student on academic probation, whose cumulative GPA remains below the Satisfactory Progress Standards (2.0), will be placed on academic suspension.

A student on academic suspension will not be eligible to register for academic courses the following semester. If the student feels extenuating circumstances exist that should prevent the suspension, he/she must submit a written appeal to the Academic and Student Appeals Committee which consists of the Vice President for Student Services, the Vice President for Instruction/Chief Academic Officer, the Director of Counseling, the Dean of Learning Resources and a faculty representative. The decision of the committee shall be final.

A student who is given permission to enroll without a semester suspension will be allowed to register for a maximum of six (6) credit hours repeating any courses where he/she has a D, F, or WF, if those courses are available. The student's status will be reviewed by the Registrar, and referrals made if necessary, after semester completion.

C. Re-enrollment after Academic Suspension

A student may re-enroll at the College after one semester of academic suspension by contacting a counselor to update his/her plan for improving academic performance. The student who is re-enrolling after academic suspension must follow the conditions required during academic probation and meet with his/her advisor. The student will be required to retake courses where he/she has a D, F, or WF to increase his/her GPA and will be limited to a reduced load of no more than nine (9) credit hours.

Note: This policy applies to all curriculum programs except Associate Degree Nursing and Practical Nursing which are governed by their progression policies as outlined in the current RichmondCC catalog.

Financial aid recipients should refer to the Academic Progress Policy under Student Financial Assistance.

Academic Forgiveness Policy

Any RichmondCC student who has experienced a lapse of enrollment at the College for a period of two consecutive academic years may, upon reenrollment, make a request with the Registrar to have prior course work forgiven from their cumulative grade point average calculation. The following criteria must be met:

- The student must first complete at least 6 semester hours of credit with a 2.0 grade point average before requesting academic forgiveness.
- The request must be made during the subsequent semester after the 6 semester hours have been completed.
- Prior course work must be at least two years old.
- Only prior courses with grades below a “C” will be eligible for academic forgiveness.
- The student must complete an Academic Forgiveness Request Form, which is available in the Student Services Registrar’s Office.
- Only one request will be accepted per student. If the request is approved, the record of the earlier course work affected remains on the student’s transcript but is not calculated in the cumulative grade point average for academic purposes only.

In instances in which academic forgiveness is granted for courses completed at RichmondCC and then transferred to another college or university, the receiving institution is not required to disregard those course grades. Other colleges or universities may elect to include the grades forgiven in computing the student’s grade point average, possibly disqualifying the student from consideration for admission.

Financial aid and/or veterans’ benefits are subject to federal regulations. These regulations require satisfactory academic progress based on all academic work attempted and are, therefore, not affected by any academic forgiveness.

Student Records

The Office of the Registrar maintains all student records. Because these records are of utmost importance, they are kept in locked, fireproof files.

All records including, but not limited to, high school and other college transcripts submitted for a student’s file become the property of Richmond Community College and a part of the student’s permanent record.

Curriculum records at Richmond Community College are disposed/retained according to the "Public Records Retention and Disposition Schedule" as provided by the State Board of Community Colleges.

Workforce and Economic Development records are maintained following the same guidelines.

Access to and Release of Student Records

The “Family and Education Rights and Privacy Act of 1974” (P.L.93-380, S513) signed by the President of the United States became law as of November 9, 1974. Included in this law are requirements related to the privacy of student files and records.

The law specifically states that no institution of higher education shall prevent its students from inspecting and reviewing “any and all official records, files, and data including all material that is incorporated into each student’s cumulative folder.”

Although that act specifically refers to the access rights of parents, it provides that “whenever a student has attained eighteen years of age or is attending an institution of postsecondary education, the permission or consent required of and the rights accorded to the parents of the student shall thereafter only be required of and accorded to the student.”

The only individuals or agencies authorized to see a student’s record, other than the student himself/herself, without the student’s written consent, are school officials with “legitimate” educational interests, officials of other schools in which the student “intends to enroll,” law enforcement officers, and certain government representatives. Records will be released to parents and outside agencies only with the written consent of the student.

Student records are available to instructors or advisors with authorization by the Registrar or Assistant Registrar. Student records are not to be removed from Student Services without prior approval of the Registrar or Assistant Registrar. A student may view his record when in conference with his instructor, advisor, or an authorized administrative officer. A student may also view his records by submitting a written request to the Vice President for Student Services. An appointment will be made with one of the counselors, the Registrar, or the Vice President for Student Services to review the file within 15 days. No student information, including grades, will be released via telephone.

In keeping with federal regulations on student information, RichmondCC has designated the following as “Directory Information”:

- Student’s name
- Dates of enrollment
- Enrollment status
- County of residence
- Program of study
- Degrees, diplomas or certificates awarded and date awarded
- Honors and awards associated with the College
- Photographs, videos or other media containing a student’s image or likeness.
- Student recruiting information as it relates to compliance with the Solomon Amendment
- Name, address, phone number, year of birth, level of education, and program of study

The College may disclose any of the above “Directory Information” items without prior written consent. Requests for Directory Information must be made to the Registrar’s Office. Any student who does not wish any or all of this information to be released must give written notification to the Vice President for Student Services within 14 days of the start date of the semester in which he/she is enrolled. Written notification must be given for each semester enrolled.

The Vice President for Administrative Services and Chief Financial Officer is the designated school official for handling violations of the law or alleged violations of the law and is RichmondCC's designated law enforcement official. Investigative reports and other records created and maintained by the law enforcement units are not considered to be education records subject to FERPA. RichmondCC may disclose information from law enforcement unit records to anyone, including outside law enforcement authorities, without student consent.

A hold may be applied to the release of an official transcript, unofficial transcript, diploma, degree, certificate, grades, or other information requested from an official record for a student who has a restriction on their account including, but not limited to, a business office hold, library fine, disability services hold, and incomplete file hold.

Transcript Requests

An official record of curriculum academic credit earned at RichmondCC will be issued upon the completion of the college's transcript request procedures and applicable payment. All of the student's accounts with RichmondCC must be satisfactorily settled before the College will process the request. The Registrar's office requires one full business day's notice of the written request unless the request is processed as on demand. An electronic transcript request is also available through the National Student Clearinghouse. These requests are typically processed the same day. During registration, schedule adjustment, and end of semester grading, processing of transcripts will be limited. RichmondCC does not fax or email transcripts. Unofficial transcripts for currently enrolled students may be printed from Self-Service. Previously enrolled students may request an unofficial transcript at no cost; however the written request and time limits for processing apply. A voucher will be issued to graduates for one free official transcript. Vouchers can't be used for electronic requests.

Changing a Curriculum Major

A student wishing to change his major must see a counselor for approval. When a student changes majors, any courses applicable to the new major will be transferred. Grades earned, credit hours, and quality points will be counted in the new major.

Transferring to Another College

RichmondCC received community college status in July 1987 and offers the Associate in Science and Associate in Arts curricula. A student graduating from RichmondCC in good standing with an Associate in Arts or an Associate in Science (College Transfer) degree, is assured admission into one of the 16 University of North Carolina system schools. Admission is not assured to a specific institution, specific program, or major. There are also articulation agreements with many private colleges and universities in the state. A student wishing to transfer from RichmondCC to another college should refer to that college's catalog or website for transfer information. If a transcript of coursework completed at RichmondCC is required by the other institution, it will be provided when the student submits a "Transcript Request Form" or a written approval for release of the transcript. All accounts with RichmondCC must be settled before a transcript will be furnished to another institution. A 24-hour notice is required for transcript requests.

The Associate in Arts and Associate in Science curricula are transfer intensive programs. The Associate in Applied Science Degree from RichmondCC is acceptable for junior status in many public universities in North Carolina. In addition, a number of private institutions accept this

degree. In both the public and private sector, the College has many individual institutional and program arrangements for transfer of credits. In some cases these arrangements are on a course-by-course basis or for a particular program.

North Carolina Community College Systems – University of North Carolina Comprehensive Articulation Agreement (CAA)

Assurance of Admission to UNC System

The CAA addresses the admission of community college graduates to UNC institutions and the transfer of credits between institutions within the North Carolina Community College System and institutions within The University of North Carolina. The CAA assures admission to one of the 16 UNC institutions with the following stipulations:

- Admission is not assured to a specific campus or specific program or major.
- Students must have graduated from a North Carolina community college with an associate in arts or associate in science degree.
- Students must meet all requirements of the CAA.
- Students must have an overall GPA of at least 2.0 on a 4.0 scale, as calculated by the college from which they graduated, and a grade of “C” or better in all CAA courses.
- Students must be academically eligible for re-admission to the last institution attended.
- Students must meet judicial requirements of the institution to which they apply.
- Students must meet all application requirements at the receiving institution including the submission of all required documentation by stated deadlines.

If a student is denied admission to a UNC institution, then he or she will receive a letter from that institution directing the student to the College Foundation of North Carolina (CFNC) website. At the CFNC website (CFNC.org), the student will be presented with the conditions of the TAAP, and if these conditions are met, the student will be given information regarding space availability and contacts within the UNC system. The students should contact those institutions to get specific information about admissions and available majors. If the previous steps do not result in admission to a UNC institution, then the student should contact the CFNC Resource Center at 1-866-866-CFNC.

Transfer of Credits

The CAA establishes the procedures governing the transfer of credits for students who transfer from a North Carolina Community College to a constituent institution of The University of North Carolina. The CAA does not address admission to a specific institution or to a specific major within an institution.

Eligibility: To be eligible for the transfer of credits under the CAA, the student must graduate from the community college with an Associate in Arts (AA) or Associate in Science (AS) degree or have completed the 44-hour general education core as defined in Associate Degree information of this catalog and have an overall grade point average (GPA) of at least 2.0 on a 4.0 scale and a grade of “C” or better in all CAA courses.

Transfer of Credit to RichmondCC

Students may transfer credit earned at other post-secondary institutions provided: (1) a grade of “C” or above was attained; (2) subject, content, and length of course are comparable; and (3)

the courses were completed at a regionally accredited post-secondary institution. While there is no specific time limit on transferability of credit, time may be a factor in awarding credit in courses where technological or societal changes affect the applicability. The registrar and appropriate instructors will review official transcripts and determine which courses may transfer. Students are informed of their transfer credit by the end of their first term of enrollment.

The Richmond Community College (RichmondCC) transcript will show courses accepted for transfer with a grade of "T." These courses will not count in the student's grade point average. Transfer students must earn at least 25% of the total credit hours for the degree, diploma, or certificate as students at RichmondCC. The nursing program has special requirements for transfer of credit. See the Nursing section of the catalog for details.

Students may transfer credit earned at RichmondCC between curricula programs under the same conditions outlined above. Courses will transfer grade for grade and all grades earned will be used in computing the program grade point average. No transfer credit is permitted for courses completed by proficiency at other institutions.

Catalog Requirements for Graduation

Students who are continuously enrolled may graduate under the program requirements listed in the catalog at the time of their enrollment or the requirements printed in the catalog the semester they are scheduled to graduate. In the event the catalog requirements are updated, the student can choose to graduate under a catalog published after their enrollment date. This request must be made with the Registrar's Office by completing the Catalog Year Change Request form. However, a student may not revert to a prior catalog year. Under any catalog year, the courses must follow the NCCCS Curriculum Standards.

Students not continuously enrolled are required to meet the graduation requirements of the catalog that is current at the time of re-enrollment or the requirements printed in the catalog the semester they are scheduled to graduate. In the event the catalog requirements are updated, the student can choose to graduate under a catalog published after their re-enrollment date. This request must be made with the Registrar's Office by completing the Catalog Year Change Request form. However, a student may not revert to a prior catalog year. Under any catalog year, the courses must follow the NCCCS Curriculum Standards.

Students entering in semesters other than fall, failing to take a full load, failing to take all courses as listed on the schedule and in the catalog, or taking required developmental courses may take longer to complete requirements for graduation than outlined in the catalog.

Graduation Procedures

Graduation exercises to award degrees and diplomas are held at the end of the spring semester each year. Dates for graduation exercises are listed in the Academic Calendar. During the last semester at RichmondCC, each graduating student is required to file an application for the degree or diploma, see his/her academic advisor to run a program evaluation for graduation requirements, and pay the graduation fee in the Business Office. The application form is available in the Student Services Department.

In order to receive a degree, diploma or certificate from RichmondCC, a student must:

1. Complete all of the required courses for the curriculum as listed in the catalog prior to the day of graduation exercises.
2. Complete the minimum number of credit hours required for the degree, diploma, or certificate.
3. Have a minimum 2.0 cumulative grade point average in courses for program of study and a 2.0 overall cumulative grade point average.
4. Have a grade of “C” or better in all core courses for the program of study. Core courses are listed with each curriculum requirements section of the catalog.
5. Have completed 25% of all required courses in residence at RichmondCC.
6. Satisfy all financial obligations to the College.

Only students who have completed all of the requirements for graduation prior to the commencement exercises will receive diplomas during commencement exercises. Students with special circumstances, and who have four (4) credit hours or less remaining towards completion of their degree(s) can petition the Office of the Registrar for permission to participate in the commencement exercises, but will not receive their diplomas. The student must register and pay for the remaining credits for the upcoming summer term before seeking approval to participate in May commencement exercises. These will be reviewed on a case-by-case basis, but under no circumstances will students with more than four credit hours remaining towards completion of their degrees be allowed to participate in graduation ceremonies or receive their credential.

Graduating students enrolled in a course(s) at another institution during their last semester must a) show proof of enrollment, b) have the instructor of the course give feedback to the Registrar regarding successful completion before the last week of the semester, and c) have an official transcript sent to the Registrar’s office for transfer credit before the degree, diploma, or certificate can be received.

Certificate Programs

Students completing requirements for certificate programs must complete an Application for a Certificate form and return it to the Registrar’s office. Certificates will be mailed to the student at the end of the semester in which requirements are completed.

Graduation Honors

Honors at graduation are based upon the grade point average earned in courses required for the degree or diploma. Students who have earned grade point averages of 3.5 will graduate Cum Laude. Students who have earned grade point averages of 3.75 will graduate Magna Cum Laude. Students who have earned grade point averages of 4.0 will graduate Summa Cum Laude.

Members of Phi Theta Kappa wear both the honor stole and the double honor cord at graduation. The golden honor stole has been worn by Phi Theta Kappa graduates for more than 25 years. This gold satin stole is embroidered with the navy Greek letter monogram of Phi Theta Kappa. The double honor cord twin set in blue and gold is an additional accompaniment worn to signify our student’s academic achievement and membership in Phi Theta Kappa.

Student Life

At Richmond Community College (RichmondCC) each student is a person, not a number. Counselors are always available to help with problems or to share an experience. Faculty are available before and after class or during scheduled office hours to answer any questions students might have.

All students enrolled in curriculum off-campus courses are afforded comprehensive Student Services. These services consist of registration, advising, and placement and are offered on an as-needed basis. Off-campus classes are classes taught at locations not owned by the College. The James Building and the F. Diane Honeycutt Center are considered on-campus locations. Students enrolled in off-campus programs may use the on-campus services at any time.

Classes at RichmondCC are usually small. Students are encouraged to ask questions and to participate rather than just sit and listen to a lecture. If a student encounters academic difficulties, tutors are usually available to assist. Because many RichmondCC students work in addition to attending school, a major effort is made to schedule classes during hours convenient to students.

Student opinion is sought and respected. Richmond Community College is one of the few colleges where the students decide how most of the student activity funds are utilized. Students serve on College committees and the SGA President is a nonvoting member of the College's Board of Trustees.

The student activities program at Richmond Community College is sponsored by the Student Government Association (SGA). Members of the SGA provide students social, recreational, and service-oriented activities. The SGA also supports various clubs which students are encouraged to join. A complete listing of the clubs and more information about the SGA can be obtained from the SGA advisor. All students enrolled in curriculum programs are members of the SGA.

Student Activities

Student activities offer every student an opportunity to make new friends and to help the academic community at large. All student activities are assisted and supported by the Student Government Association (SGA). A number of clubs have been organized with faculty and staff serving as advisors. No student will be excluded from membership in an organization because of race, creed, religion, sex, age, color, disability, or national origin. Special activities are sponsored periodically by the SGA for the enjoyment of all RichmondCC students. Students interested in forming new organizations should consult the SGA President or Advisors for assistance.

Student Government Association

The SGA was organized and chartered in 1967 and is responsible for governing students, assisting in the execution of institutional policies, and maintaining an appropriate image of RichmondCC in the community. Every student is a member of the SGA, which controls and allocates most of the student activity funds under the guidance of the SGA advisor. SGA officers are elected each April by the student body and serve during the next academic year. The SGA president is an ex officio (nonvoting) member of the RichmondCC Board of Trustees. The SGA

Delegates are composed of RichmondCC students who are members of one of RichmondCC's chartered clubs and those who desire to help the SGA officers complete their task. These representatives are appointed by each club and must complete an application that is accepted by the SGA President and Advisors.

2. Students evaluate faculty performance regularly. These evaluations are used as a part of the planning process.

Clubs and Organizations

Clubs and organizations will be referred to as Clubs in these instructions.

All clubs must maintain a current Charter with the SGA Executive Board. No activities are permitted until after the club successfully submits a Charter. At the beginning of each academic year each Chartered club must submit a letter of intent to operate as a club and any changes to their charter must be submitted at that time. This letter of intent will be due no later than September 30 of each academic year. If any club has not submitted by due date, said club will not be allowed to operate unless club Advisor or club president notifies SGA President or SGA Advisor of its delay. Each club will be assigned an account number by the business office and all funds will be managed through this account. No club will be allowed to have a separate banking account at an off campus location.

New and re-activated clubs must complete a Clubs and Organization request form which includes instruction on how to create a charter. New clubs and re-activation can be requested any time during the academic year and approved by SGA President, SGA Advisor and V.P. of Student Services.

All properly Chartered and approved Clubs are allowed to apply for Mini-Grants from the SGA to subsidize their fundraising. Active participation will be required by club delegate in order to be allowed to request Mini-Grant funds. SGA Club Delegates will report on all functions and activities of their club during regular SGA Executive Board meetings. The SGA encourages clubs to participate in the Mini-Grant Program and the Delegate Program for a number of reasons; clubs will be more visible, club events can be larger, clubs can attract more members, and it can take the stress out of raising funds for events. All expenditures are required to be approved by the RichmondCC Business Office prior to being completed.

If a student fails to appear in person or remotely before the Discipline Committee and fails to notify the Vice President for Student Services, he/she forfeits his/her right to the hearing and will not be allowed to re-enroll at the College. If there are mitigating circumstances for missing the hearing, as determined by the Vice President for Student Services, the hearing will be rescheduled. The Discipline Committee shall render a decision based solely on the facts presented at the hearing.

If the student is found guilty of a violation of a student regulation, he/she may appeal the Discipline Committee's decision in writing to the President of the College. After the appeal is filed, the student, accompanied by counsel if he/she so desires, will meet with the College President. This appeal must be filed within seven days of the date of the decision of the

Discipline Committee. The student will be permitted to speak on his/her behalf. The decision of the President will be final.

If the student appeals a penalty of suspension or expulsion, the student may request the right to continue class attendance until a final disposition is made of his/her case. This request must be in writing to the College President. The President may approve or deny this request at his/her discretion.

GRADE APPEAL PROCESS

A student at Richmond Community College has the right to appeal a grade assigned to him/her. The following procedure will be used by the student who desires to appeal a grade:

1. The student must schedule an appointment with the Instructor who has assigned the grade, discuss the matter with him/her and ask for a review of the basis for assigning the grade. If the disagreement about the grade is resolved at this time, the instructor will submit a "Request for Change of Grade" form.
2. If the disagreement is not resolved through discussion with the instructor, the student must, within ten days of notification of the instructor's decision, submit a written appeal to the appropriate department chair stating reasons for appealing the grade. (The student may consult with a counselor or his/her academic advisor for assistance in developing the written appeal.) If the disagreement about the grade is resolved at this time, the instructor will submit a "Request for Change of Grade" form.
3. If the disagreement is still not resolved, the student must schedule an appointment with the appropriate Academic Dean, discuss the matter with him/her and ask for a review of the basis for assigning the grade. If the disagreement about the grade is resolved at this time, the instructor will submit a "Request for Change of Grade" form.
4. If the disagreement is still not resolved, the student should schedule an appointment with the Vice President for Instruction/Chief Academic Officer to discuss the appeal. The decision of the Vice President for Instruction/Chief Academic Officer is final.
5. The right to appeal a grade expires at the end of the semester following the one in which the grade is assigned. When a student appeals a grade assigned by an instructor no longer employed by the College, the student should initiate the process by notifying the appropriate department chair.

CHEATING

Academic cheating or dishonesty may result in grade reduction, failure of test, failure of class, or loss of credit for assignments. The class instructor will decide what punishment is appropriate unless a student's infraction could lead to dismissal from school, change in status, or dismissal from a program. Under those circumstances, the violation will be heard by the Discipline Committee. In all circumstances, the student has the right to dispute an instructor's decision and have his/her case heard before the Discipline Committee.

1. Giving or receiving information about the content of quizzes, examinations (including make-up exams) classroom, shop or lab work, or other assignments without instructor permission. Possessing any paper, writing or device not specifically authorized by the instructor or test administrator.

2. Copying or using unauthorized information or materials on quizzes, examinations, or other assignments.
3. Selling, buying, or otherwise obtaining a copy of a test, quiz or examination without instructor approval.
4. Collaborating with another person or persons during quizzes, examinations or other assignments except as authorized by instructor.
5. Working with another person or persons during or prior to a make-up examination unless authorized by instructor.
6. Substituting for another person during a quiz or examination or allowing a person to substitute for you during a quiz or examination.
7. Buying or selling a report, term paper, manuscript, project, etc., to meet the requirements of an assignment.
8. Plagiarism: Using partially or totally the ideas or words of another person or persons in written assignments without crediting the source(s) of the ideas or words.
9. Failing to follow “test-taking” procedures established by instructor or staff member, such as not covering one’s paper to allow someone else to see one’s paper.

GRIEVANCE PROCEDURE

Any student who has a complaint or dispute about any aspect of his or her treatment (except for grades) by the College or the manner in which such person has been treated by any other college student or employee is urged to seek resolution of such complaint or dispute through the grievance procedure contained in this section. To the extent permitted by law, compliance with the grievance procedure contained in this section is required before any person may institute litigation against the College or any of the College’s employees acting in their official capacities on behalf of the College.

Prior to initiating a grievance as outlined in this procedure, students should use the identified organizational levels of management or supervision to resolve their concerns. Current and former students and student applicants are expected to communicate their complaints or concerns first to their instructor and then, if the matter remains unresolved, to the department head. The College understands, however, that there are circumstances where it is appropriate for a party to skip a level in the aforementioned chain of command and present the grievance at a higher level.

Each grievance should be put in writing (preferably typed or printed) and should contain a sufficiently detailed statement of all circumstances or events as will permit understanding of the grievance to all individuals reviewing the grievance at every stage of the grievance process. If there are documents in existence that relate to the substance of the grievance or that would facilitate communication or understanding of the grievance, these should be attached to the grievance. Grievances of students should be submitted to the Vice President for Student Services. To preserve his or her entitlement to have a grievance reviewed under this grievance procedure, an individual must submit the grievance and all supporting documentation to the Vice President for Student Services within thirty (30) days after the action, incident, or conduct upon which the grievance is founded, occurred, or was first brought to the individual’s attention.

Upon receipt of the grievance containing the information required above, the Vice President of Student Services will expeditiously take action on the grievance in cooperation with other individuals within the College and will submit a written report to the grievance. In the event the action taken by the Vice President for Student Services is deemed unsatisfactory to the grievant, the grievant may submit in writing to the President a request for review of the action taken by the Vice President for Student Services. A written request for review must be received by the President within thirty (30) days after the date that the report of the Vice President for Student Services was mailed to the grievant. Along with the grievant's written request for review, the grievant should submit to the President a copy of the written report received by the Vice President for Student Services along with a copy of the original grievance and related documents that the grievant submitted to the Vice President for Student Services.

The President shall act within 30 days to render a written decision on the grievance and a copy of this written decision will be mailed to the grievant. The decision of the President shall be final. All grievance matters are handled confidentially.

General Policies and Procedures

Animals on Campus

Animals may not be brought on the Richmond Community College campus. Exceptions are made for animals used in class demonstrations or for class research with the instructor's approval. Service animals are exempt from this policy provided they meet all the following guidelines:

1. The person bringing the animal on campus qualifies for accommodations under the Americans with Disabilities Act.
2. The animal is individually trained.
3. The animal is trained to do specific work or tasks.
4. The work or tasks that the animal is trained to perform are for the benefit of an individual with a disability.

Anyone with questions regarding this policy should see the Vice President for Student Services.

Campus Security Policy

The Campus Security Act requires colleges to record and report certain crimes. The Richmond Community College Campus Security Committee is responsible for developing a campus security policy; reviewing the policy regularly; and updating the policy as needed. Administrative, professional, instructional, paraprofessional, clerical, and maintenance personnel constitute the committee.

Richmond Community College is committed to providing and maintaining an atmosphere that enhances the educational process and fulfills the total mission of the College. It is the objective of the College to enable each student to pursue his/her educational goals in a safe and secure environment. RichmondCC strives to achieve this objective in several ways:

- by closing and locking classroom doors at the beginning of each class.
- by maintaining a caring and helpful attitude among all staff as they address the needs of students, employees, and visitors.
- by providing educational classes relating to sexual assault, drugs, and alcohol for all students, and annual required attendance sessions for faculty and staff.
- by maintaining a safe and well-lit campus and parking area.
- by providing uniformed security patrols during designated times.
- by enforcing the rules of student conduct as published in the RichmondCC General Catalog and Student Handbook.
- by enforcing federal and state laws and the policies of the RichmondCC Board of Trustees.
- by continuously evaluating current policies and procedures and making timely changes to meet the needs of all persons on campus.

Responsibilities

Security of the RichmondCC campus and off-campus centers is the responsibility of the RichmondCC Security Team. The Director of Facility Services under the direction of the Vice President for Administrative Services is assigned the day-to-day responsibility to monitor the program.

The responsibility for enforcing the student conduct policies and the campus parking policy rests with the Vice President for Student Services.

The College contracts with local law enforcement agencies to provide uniformed officers throughout the school year to patrol the main campus and off-campus locations. These officers are on duty primarily to deter crime and are authorized to take actions they deem necessary to ensure the secure nature of the campus. As sworn law enforcement officers, they have arrest authority if required to enforce applicable laws.

However, providing a safe and secure environment is everyone's responsibility. Students are encouraged to report to any administrative office any activity or occurrence which they feel threatens their safety or which constitutes an unsafe environment.

Specific Prohibitions

The RichmondCC General Catalog and Student Handbook outlines certain specifically prohibited conduct by students. Students are encouraged to familiarize themselves with this listing.

Federal and state laws and RichmondCC policy specifically prohibit the following for all persons on campus:

- the possession or use of any firearm or weapon on any College property, except those weapons carried by on-duty law enforcement officers.
- the possession or use of alcoholic beverages at any College-sponsored activity on or off campus.
- the possession, transmission, or use of any illegal narcotic or drug.
- any conduct which is considered to be sexual harassment.
- any activity, behavior, or language which threatens another or causes concern for his/her safety.
- the taking of any College or personal property without the express consent of the owner.

Personal Actions to Improve Security

Ensuring a safe campus is everyone's job, and there are some actions that each student can take to help RichmondCC achieve that goal:

- do not leave purses, bookbags, backpacks or textbooks unattended.
- always lock your automobile.
- do not leave valuables, tapes, or CDs exposed in your car.
- walk with a friend to the parking lot after dark.
- ask at the main desk if you would like an escort to your car.
- report any crime you observe to the main desk personnel.
- report any suspicious behavior in buildings or parking lots.
- treat school property as if it were your own.
- suggest improvements to the RichmondCC Campus Security Program to the Director of Facility Services.

Children on Campus Policy

Richmond Community College welcomes visitors and students to its campus. To avoid disruption and to insure the safety of young visitors, all children (under sixteen) must be under the direct supervision of an adult. Under no circumstances are children to be taken to class or left unattended anywhere on campus. Richmond Community College assumes no responsibility for children left without direct supervision. Students who violate this regulation are subject to disciplinary action.

Computer Policy

College-owned or operated computing resources are for the use of faculty, students, staff and other authorized individuals. Exercise responsible, ethical behavior when using these facilities. The College does not attempt to articulate all required or proscribed behavior by its users. Therefore, each individual's judgment on appropriate conduct must be relied upon. To assist in such judgment, the following guidelines have been developed:

1. Computing resources and access accounts are to be used only for the purpose for which they are assigned and are not to be used for commercial purposes or non-College related activities.
2. An access account assigned to an individual must not be used by others. Individuals are responsible for the proper use of their accounts, including proper password protection and appropriate use of Internet resources. Allowing friends, family, or coworkers to use one's account is a serious violation of these guidelines.
3. All computer software is protected by the federal copyright law, and most are proprietary and protected by legal licensing agreements in addition to the copyright law. Everyone is responsible for being aware of the licensing restrictions for the software they use on any system.
4. Do not engage in activities to damage or disrupt hardware or communication such as virus creation and propagation, wasting system resources, and overloading networks with excessive data.
5. Be considerate. Do not monopolize or misuse system resources by, for example, requesting multiple copies from printers or by playing games.

6. No one may create, display, transmit, or make accessible threatening, racist, sexist, obscene, offensive, annoying, or harassing language and/or material, such as broadcasting unsolicited messages or sending unwanted mail.
7. No one may intentionally access or damage systems or information that is not theirs, such as College records, or use any system for illegal activities.

Failure to follow the Acceptable Use Guidelines may result in the suspension or revocation of access accounts or other College disciplinary action.

Criminal Background Checks and Drug Testing

Criminal background checks and/or drug testing may be required by clinical agencies prior to a student's participation in the clinical component of a NUR course. Failure to meet clinical agency requirements will result in the student not having the opportunity to meet clinical objectives; therefore, the student will not be allowed to progress in the nursing curriculum.

Vaccination Policy

Richmond Community College complies with the Higher Education Act by disclosing that the college is exempt from requiring students to provide a certification of immunizations for admission to the college as noted in NC General Statute 130A-155.1. However, students enrolled in selected programs may be required to submit proof of current immunization due to clinical and laboratory assignments.

Drug and Alcohol Abuse and Prevention Information

Richmond Community College complies with the Drug-Free Schools and Communities Act (Public Law 101-226) and Drug and Alcohol Abuse Prevention Regulations. These regulations prohibit the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol while on college premises or as part of any college-sponsored activities. Drug and Alcohol Abuse and Prevention Information is available to employees in the RichmondCC Policy and Procedure Manual, and to students on the Student Consumer Information page on the RichmondCC website and in the RichmondCC Student Handbook.

Standards of Conduct

The use and abuse of drugs and alcohol has been identified as conduct which adversely affects the college community and threatens the safety of its members. Various federal, state and local statutes make it unlawful to manufacture, distribute, dispense, deliver, or sell controlled substances. The penalty imposed depends upon many factors which include the type and amount of controlled substance involved, the number of prior offenses (if any), whether death or serious bodily injury resulted from the use of such substance, and whether any other crimes were committed in connection with the use of the controlled substance.

Disciplinary Sanctions

RichmondCC will review each case on an individual basis. Disciplinary sanctions imposed will be determined by the appropriate administrator or disciplinary committee consistent with College policy.

Health Risks

Specific serious health risks are associated with the use and abuse of drugs and alcohol. Some major risks are listed below:

Alcohol and Other Depressants (barbiturates, sedatives, and tranquilizers)—Addiction, accidents as a result of impaired ability and judgment, alcohol poisoning, overdose when used with other depressants, damage to a developing fetus, heart and liver damage.

Marijuana--Impaired short-term memory, thinking, and physical coordination. Can cause panic reaction and increase the risk of lung cancer and emphysema. Can interfere with judgment, attention span, concentration, and overall intellectual performance. Impairs driving ability. May cause psychological dependence and compromise the immune system.

Cocaine-Addiction, cardiovascular system damage including heart attack, brain damage, seizures, lung damage, severe depression, paranoia, psychosis. Similar risks are associated with other stimulants, such as speed and uppers.

Inhalants—Inhalants are a diverse group of chemicals that easily evaporate and can cause intoxication when their vapors are inhaled. Most inhalants are central nervous system depressants. Use of these drugs slows down many body functions. High doses can cause severe breathing failure and sudden death. Chronic abuse of some of these chemicals can lead to irreversible liver damage and other health problems.

Nicotine—Tobacco smoke contains thousands of chemical compounds, many of which are known to cause cancer. Nicotine, which is a central nervous system stimulant, produces an increase in heart and respiration rates, blood pressure, adrenaline production and metabolism. People can rapidly become physically and psychologically dependent on tobacco. It also compromises the immune system.

Prescription Drug Abuse—Adverse reactions, dependency, withdrawal, and overdose.

Available Drug and Alcohol Counseling, Treatment, and Rehabilitation Programs

Because of the serious problems which can arise from alcohol and drug use and abuse, information concerning drug and alcohol counseling, treatment and rehabilitation programs is available from any counselor in Student Services. Students who seek counseling or medical assistance on campus as a result of alcohol or drug use and abuse can do so with the assurance that strict counseling confidentiality will be observed. No campus disciplinary action will result from information disclosed within the bounds of counseling.

Following is a list of some area alcohol and drug treatment centers. Richmond Community College does not endorse any treatment providers, nor does the college provide financial support for the students' treatment programs.

Educational Guarantee

In compliance with 23 NCAC 02C.0108, Educational Guarantee, Richmond Community College (RichmondCC) guarantees that its graduates are proficient in basic knowledge and skills as presented in our educational programs and taught by College faculty.

Graduates not meeting their employer's entry level expectations during the first six months following graduation may be referred by the employer to RichmondCC for additional course work. The employer's entry level expectations must be consistent with those skills and competencies identified in the course requirements of the graduate's program of study. Additionally, the graduate must have earned a minimum grade of "C" in the course(s) in which the skill or competency should have been mastered and must have passed a licensure exam if applicable. In healthcare programs of study requiring licensure, the graduate is expected to perform at the competence level and scope of practice that is sanctioned by his/her license.

After determining the precise nature of the deficiency from the graduate and his/her employer, the Vice President for Instruction will be responsible for enrolling the graduate in a maximum of three applicable courses at the College. Depending on the nature of the graduate's deficiency and the program schedule of courses, the graduate may have to wait up to one year before a specific course within a curriculum is offered again. These courses will be provided at no charge to the graduate other than books and supplies.

A graduate who is referred to RichmondCC for additional course work must permit the College to give the employer any information that might help explain the graduate's lack of proficiency. This information may include grades and/or attendance records. The guarantee becomes null and void if the graduate refuses to allow the College to share such information with the employer.

The guarantee applies to graduates of one-year diploma programs and two-year associate degree programs. It is not intended to create any specific legal rights or causes of action whatsoever. The exclusive remedy under this guarantee is as provided herein and is intended solely as a statement of educational commitment to employers.

Intellectual Property

Richmond Community College (RichmondCC) has a clear policy concerning ownership of materials, compensation, copyright issues, and the use of revenue derived from the creation and production of all intellectual property. This policy applies to students, faculty, and staff.

The RichmondCC Policy and Procedure Manual section [8.23.03] defines intellectual property as copyrightable or patentable independent works. Ownership of materials depends on whether the materials were developed with or without college support. Specific criteria are clearly enumerated to distinguish the two situations. If the material was developed without college support, RichmondCC employees and students own all rights. If the material was developed with college support, the college owns all rights.

Under certain circumstances, joint ownership may be established. When it can be foreseen that commercially valuable property will be created, the college and the employee or student shall negotiate an agreement for ownership and the sharing of benefits prior to creation of the property.

In all such cases, the agreement shall provide that the college will have a perpetual license to use the work without compensation to the employee or student for such use.

The Intellectual Property Policy as it applies to students, faculty, and staff is published in the Policy and Procedure Manual. The policy as it applies to students is published in the Policy and Procedure Manual and Student Handbook.

Smoking/Tobacco Free Campus

Smoking is NOT permitted in RichmondCC facilities. This includes all buildings on the main campus, James Building and Scotland Centers, as well as RichmondCC-owned vehicles. This also includes all classes taught by RichmondCC personnel, regardless of the location. Faculty and staff are asked to observe smoking regulations as a courtesy and as a safety precaution.

Smoking will be allowed only outside the Cole Auditorium in a designated area by auditorium event patrons.

Tobacco is defined as all tobacco-derived or containing products, including and not limited to, cigarettes (e.g., clove, bidis, kreteks), electronic cigarettes, cigars and cigarillos, hookah smoked products, pipes, and oral tobacco (e.g., spit and spitless, smokeless, chew, snuff) and nasal tobacco (e.g. snus). It also includes any product intended to mimic tobacco products, contain tobacco flavoring, or deliver nicotine other than for the purpose of cessation.

Effective January 1, 2010, all Richmond Community College sites became tobacco-free. While parking lots will be considered tobacco-free, this policy does not prevent a person's tobacco use inside a personally-owned vehicle.

Inclement Weather/Emergency Closings Policy

The College may be closed or classes canceled in the event of inclement weather, a natural disaster, or an emergency. The decision to close the College or cancel classes will be made by the President or another administrator designated by the President. Public service announcements will inform all students, faculty, and staff of the decision. College closings will not always coincide with announced closings of public schools. If there is no announcement, the College will be in operation on a regular schedule.

1. When the College closes, all classes at all locations are canceled.
2. If weather conditions allow for classes to begin on a delayed schedule, regularly-scheduled classes will begin at the hour designated.
3. Employees will not be required to make up or use vacation time for time missed due to inclement weather or other unanticipated closings, but will be required to work as needed on re-scheduled make up days.
4. Employees designated as non-exempt from the Fair Labor Standards Act that are required to work on days when the College is closed due to inclement weather or other unanticipated closings will be compensated with a stipend of \$50 per full or partial day worked, in addition to their regular salary.

5. Curriculum classes that are missed due to inclement weather or not held for any reason, such as natural disasters or emergencies, must be made up. Classes may be rescheduled during break or holiday periods or may be made up through extended class sessions, individual student conferences, or outside-of-class assignments. The President will determine when and how missed classes will be made up. The Vice President for Instruction/Chief Academic Officer will ensure that all class make-ups are appropriately documented.
6. When adjunct instructors in Workforce and Economic Development miss classes for any reason and the actual class time is not made up, the amount of compensation and the reported student hours in membership must be adjusted accordingly. The Vice President for Workforce and Economic Development will ensure that all records are corrected.
7. College closing or delayed-opening information is available via the College website, College switchboard, AM/FM radio, and television.

IF THERE IS NO ANNOUNCEMENT, THE COLLEGE WILL BE IN OPERATION AS USUAL.

Academic Policies and Procedures

Richmond Community College is committed to the fullest possible development of the potential in each student. The academic policies and regulations described on the following pages are directed toward this objective. Each student is responsible for his/her familiarization with these policies and is expected to meet all requirements and regulations.

Class Attendance

Richmond Community College, as an institution, does not have an attendance policy for curriculum courses. Attendance is recorded during the census reporting period as required by SGSBCC 200.93 in order to verify student membership hours for curriculum classes. Individual instructors may have class-specific attendance requirement which are determined by the instructor and shared with the student on the Instructor Course Requirements.

Student Withdrawals

Students may withdraw from Richmond Community College courses at any time. However, depending upon what point in the semester the student withdraws from a course may have consequences for the student if they are receiving any form of financial aid, scholarships, and/or veterans benefits.

In order to formally withdraw from a course, the student must complete a Student Withdrawal Form. The student is encouraged to read through the refund policies, and discuss the impact of withdrawing with their instructor, advisor, financial aid staff, and/or Veterans' Coordinator.

Individual instructors may have attendance requirements in individual classes. The instructor will notify the student if they are at risk of being withdrawn from an individual course due to the attendance requirements outlined on the Instructor's Course Requirements for an individual course. The instructor will notify the student's advisor and the Veterans' Coordinator if an instructor initiated student withdrawal is imminent for courses that have an attendance policy. Instructors not having a course specific attendance policy are not allowed to withdraw students due to attendance.

A withdrawal occurring before the 10% census reporting period ends for that course will not be included on the student's transcript.

A withdrawal occurring after the 75% point of the course time-frame will receive either a "WP" or a "WF". A "WP" grade is given to a student who is passing the course at the time of withdrawal. A course for which a "WP" grade is given will be counted as an attempted course. A "WF" grade is given to a student who is not passing the course at the time of withdrawal. A course for which a "WF" grade is given will count as an attempted course and will be counted as an "F" in computing grade point averages.

Students receiving financial aid should refer to the Financial Aid Procedures and Policies provided in the Financial Aid Award Letter Supplement and also available at <http://richmondcc.edu/admissions/financial-aid>.

Students receiving VA education benefits should refer to the Department of Veterans Affairs Procedures provided in the RichmondCC Student Handbook available at <http://richmondcc.edu/student-services/student-handbook>.

Changing Course Sections

Changing course sections after the 10% point (census date) of the course is not recommended. In the event a student has an unforeseen conflict with a course after the census date and needs to change sections of the same course, the student may request that change through the Registrar's office. The instructors of both course sections and the VP of Instruction must approve the change and sign the request. The student will be expected to make up any assignments in the new course section that may have been due prior to being added to the course. If possible, the instructor of the first course will submit any graded assignments to the new instructor. If the request is approved, the student must submit a completed student initiated withdrawal form for the first course. The student will be withdrawn from the first course and added to the new course. A grade of "W" will be issued for the first course and those credit hours will be included in attempted cumulative hours.

If the courses are in different section dates of the same semester, tuition may be charged for both courses. The student will not be charged for the course twice as long as both courses are in the same section dates.

Student Withdrawal Appeal Process

Students who desire to appeal their instructor initiated withdrawal must submit a written (not e-mailed) request of appeal to the appropriate instructor. This request must be submitted within a week of the date the student is notified of the withdrawal. The student must be prepared to support his/her appeal with extenuating circumstances (i.e. documented illness whereby the student has kept up with assignments). If the instructor does not decide to readmit the student, the student may request that the Department Chair/Program Coordinator review the appeal. If the Department Chair/Program Coordinator does not decide to readmit the student, the student may request that the appropriate Dean review the appeal.

If the appeal is not approved by the Dean, the student may request a meeting before the Student Appeals Committee. This request must be made within three business days of the decision rendered by the Dean. The student must bring evidence to the Student Appeals Committee on the date and time assigned by the Vice President for Student Services. All decisions rendered by the Appeals Committee are final.

Distance Learning

Students wishing to enroll in distance learning courses for the first time are required to complete the RichmondCC Online Orientation. Completion of the online orientation will demonstrate students have a minimal proficiency needed to take courses through an online or hybrid delivery format. (All students taking hybrid or online courses will have access to all student support services, regardless of the student's location.)

Students enrolled in hybrid courses are considered as having officially entered in the course when they attend a traditional class or when they complete the first online assignment. Students in online courses must log in and complete the first online assignment to be considered as having officially entered the course.

In an online environment, absences will be assessed as defined by the instructor based on the course instruction and learning outcomes stated in the course syllabus or Instructor Course Requirements, but may include:

- not completing quizzes or tests by given deadlines
- not completing and submitting required assignments
- not participating in required online group or discussion activities
- not communicating with the instructor.

In order to ensure the identity of students who receive credit for course work, RichmondCC utilizes a student authentication process. The procedure for determining student authentication is located in the LMS User Guide and in Instructor Course Requirements (ICR).

Course Substitutions

Course substitutions may be granted when deemed necessary for graduation or as a necessary accommodation to complete a degree as long as they are in compliance with state policy. Substitutions are approved and applied toward specific degrees, diplomas, or certificates.

Core courses, including concentration courses, cannot be substituted. General education and other major courses hours may be substituted with comparable courses. The appropriate advisor must complete a “Course Substitution Application” form and obtain department chair and department chair recommendations before submitting the form to the Vice President for Instruction for a final decision.

Repeat Policy

Richmond Community College is committed to student success. As such, RichmondCC has established a policy that allows students to repeat a course within prescribed parameters. The following items apply to any student wanting to repeat a course.

1. RichmondCC’s repeat policy applies when the original course and repeat course are both taken at RichmondCC.
2. The course being repeated must be the same course taken previously. No substitutions are allowed.
3. When a course is repeated, both grades will remain on the student’s permanent record, but only the higher grade will be counted in determining hours earned and grade point average.
4. Students may repeat a course a maximum of two times without any additional approvals. On the third time, the student must obtain approval from the Department Chair of that department where the course’s program or discipline resides. A fourth or greater attempt requires approval of the Vice President for Instruction for each repeat enrollment.
5. Approval to repeat a course may require additional mandatory academic activities by the student, such as tutoring. Failure to meet these additional obligations will result in the

student being removed from the course and may affect future requests to repeat the affected course and any requests to repeat other courses.

6. All entries remain a part of the student's permanent record.

Independent Study

Though the practice is not encouraged at this level, a curriculum student may take a curriculum course by Independent Study provided the student:

1. Has an overall cumulative GPA in the courses required in the degree program of 3.25 or better.
2. Has completed at least one-half of the course requirements in his/her major.
3. Has the approval of the department chair, dean, and Vice President for Instruction.
4. Has the agreement of an appropriate faculty member to oversee the Independent Study.
5. Completes all assignments given by the overseeing faculty member.
6. Properly registers for the course being attempted through Independent Study.

Cooperative Education

Cooperative Education (Co-op) is designed to give students enrolled in curricular programs (excluding health fields) the opportunity to gain academic credit for related work experiences while completing their degrees. This combination of classroom instruction with practical, related work experience provides numerous benefits to participating students.

Co-op students may work as many as two semesters in part-time or full-time positions which are approved by the College. Academic credit is given for the learning gained during the work period. Students are visited periodically by the faculty and receive on-the-job supervision by their employers.

ELIGIBILITY—Full-time students enrolled in approved Co-op programs for academic credit are eligible to participate if they meet the following conditions:

1. Receive approval of program instructors.
2. Have a minimum GPA of 2.0.
3. Have not gained credit for the substitute courses as outlined in the curriculum description.

APPLICATION PROCEDURE—Interested students should obtain all application forms and schedule interviews with the lead instructor in their major. Students are permitted to enroll in the Cooperative Work Experience Program on the basis of information obtained from their applications, college transcripts, and interviews regarding career goals. After students meet eligibility requirements, they may be selected for work assignments as assignments become available.

ACADEMIC CREDIT—Credit hours for Cooperative Education work periods are determined by dividing the average number of hours worked per week by 10 and rounding to the nearest whole number. Co-op students may earn two or three semester hours of credit toward certificate, diploma, or degree requirements as determined by the curriculum.

REGISTRATION—Students must have all the appropriate Cooperative Education Program forms signed by the lead instructor and Co-op Coordinator when they are enrolled in the Co-op work experience courses. Students interested in Cooperative Education are invited to contact the Co-op Office. Information is also available through faculty advisors. Students registering for Co-

op credit in Early Childhood Education, Healthcare Management Technology, or Human Services Technology will have liability insurance coverage. The cost will be included in the student fees.

INSURANCE —Effective fall semester 2005, students who enroll in Cooperative Education work experiences (COE) and courses that have a clinical component are required to purchase or show evidence of having professional liability insurance prior to enrollment.

Academic Achievement

Academic achievement at RichmondCC is recognized by the publication of the President's and Dean's List and by special recognition of academic honors at graduation.

President's and Dean's Lists

The President's List and Dean's List are published at the end of each semester. The President's List identifies students who earn an "A" in all courses and have a 4.0 grade point average while carrying 12 or more semester credit hours excluding developmental credits. The Dean's List includes the names of students who attain a minimum grade point average of 3.25 and earn no letter grade lower than a "B" while carrying 12 or more semester hours excluding developmental credits. A news release is also forwarded to the hometown newspaper of those students named to the President's and Dean's Lists. Students who do not want to be on the President's or Dean's lists must contact the Registrar.
