

Richmond Community College

2017-2018 Student Government Association Candidate

My name is Bridget Berry. I have been in SGA for one semester and I truly enjoy every single day of it. I love being able to help the school out by planning events for students. My goal for the SGA is to bring the student body closer together so that everyone at RCC can feel welcomed and free to give their opinions and thoughts. I feel as a student myself that everyone should have a say so in what they would love to do here at school. I also want students to know that everything we do in the SGA benefits them in many different ways.

Why are you interested in becoming a student government officer?

I am interested in being an SGA officer because I enjoy dedicating my life to helping people. This position would allow me to be able to do the events that students ask for.

What skills and strengths do you possess that are specific to carrying out the duties for the position you applied?

I am good at collecting data and organizing events. I am also very dependable. My other strengths vary on what I am asked to do for SGA and RCC students.

What are your ideas and goals for the next year as an officer of the student government association?

My goal is to make SGA a more productive and stronger team. I would also like to have bigger and better events for the school.

What is your plan for increasing student participation in campus activities and clubs?

I plan to get the word out by talking with students one-on-one. This will not only increase participation but allow students to recommend other events or activities that SGA can put together.
