

Richmond Community College

2017-2018 Student Government Association Candidate

My name is Carrie Reinbott and I am majoring in IT Support at RCC. I would love to work at Cisco in Raleigh or use my skills in IT to work for a nonprofit charity/organization. I am a full-time student, but in my free time, I enjoy hiking, reading, cooking and traveling. Speaking of travels, this summer I'm venturing to Guatemala to work in an orphanage!

Why are you interested in becoming a student government officer?

When I went to school for my BA in Elementary Education, I wasn't involved in hardly any student activities. I want to broaden my horizon of friends and associates and feel like this will assist me in becoming more involved in the student community.

What skills and strengths do you possess that are specific to carrying out the duties for the position you applied?

Working both in the education and retail worlds has given me plenty of experience in organization, comradery and determination to get something accomplished.

What are your ideas and goals for the next year as an officer of the student government association?

I would like to see a real community of individuals who care about each other, a college that treats both its students and staff well, and an excitement about getting a degree and its benefits.

What is your plan for increasing student participation in campus activities and clubs?

I think an important thing about increasing student involvement is to invest in their lives and form a personal relationship. I plan on doing student surveys to get student input on events they would enjoy then partnering with businesses and organizations in the county to plan some wonderful occasions.
