## 2017-2018 Student Government Association Candidate

I am Jaime Lynn Farris and I am currently in the second year of my Associates in Applied Science with a major in Criminal Justice. I am also a newly inducted member of the Phi Theta Kappa International Honor Society. I plan to continue to receive my Bachelor's degree in Criminal Justice.

### **Why are you interested in becoming a student government officer?**

*I want to make an impact at RCC to help other students see through any changes they feel needed. As an officer of student government, I would continue to follow the ideas of the previous administration as well as encourage new ideas from the student body and staff, and work with the current administration to implement those ideas.*

### **What skills and strengths do you possess that are specific to carrying out the duties for the position you applied?**

*I am very good at communicating with different groups of people. I am outgoing and very organized. I am a very positive person and very determined.*

### **What are your ideas and goals for the next year as an officer of the student government association?**

*I would like to keep most of the already set forth activities that SGA has held over time. I would also like to see more input from students and staff on things they would like to see done at RCC. I also would like to reach out more to our community and do other activities that will make a difference in students, family, and community.*

### **What is your plan for increasing student participation in campus activities and clubs?**

*Being more involved on campus and online via email, social media, etc. Give the students more ways to voice their thoughts as to things they would like to see happen at RCC.*
