Comments:

After successful completion of one year of study in the Surgical Technology program, students are eligible to take the [Tech in Surgery TS-C \(NCCT\)](#) certification exam. Please note that TS-C does not meet licensing or regulatory requirements for Surgical Technologists in some states.

It is recommended that students contact the hospital system(s) in their area of residence, or where they wish to practice, to confirm the acceptability of this certification in gaining employment.

Information current as of 4/01/2026
