COURSE: HMT 211 LONG-TERM CARE ADMINISTRATION

HOURS: Lecture: 3 Lab/Shop: 0 Work Exp/Clinical: 0 Credits: 3

COURSE DESCRIPTION:

This course introduces the administration of long-term care facilities and services. Emphasis is placed on nursing home care, home health care, hospice, skilled nursing facilities, and other long-term care services. Upon completion, students should be able to distinguish between the different long-term care offerings, criteria for use, and benefits of the patient, resident, and participant.

PREREQUISITE(S): NONE

COREQUISITE(S): NONE

TEXTBOOK(S) & OTHER SPECIAL REQUIREMENTS:

Singh, Douglas A. Effective Management of Long-Term Care Facilities. 4th ed. Burlington, MA: Jones & Bartlett Publishers, 2023.
ISBN: 9781284199536

STUDENT LEARNING OUTCOMES:

Upon successful completion of this course, the student will be able to:

1. Identify North Carolina and Federal legal requirements of long-term care facilities.
2. Explain the role of financing and reimbursement for long-term care services.
3. Discuss nursing home evolution in the United States and globally, and the cultural changes within the long-term care environment.
4. Explain the roles of social services, admission, and discharge.
5. Discuss the importance of recreation and activities within the long-term care environment.
6. Identify basic dietary services requirements.
7. Develop a three-year projected cash-flow statement for a new long-term care facility.
8. Discuss the challenges associated with rapidly changing global cultural diversity and understand and appreciate the need for long-term care facilities to modify their practices to accommodate the changing environment.
