GETSAP

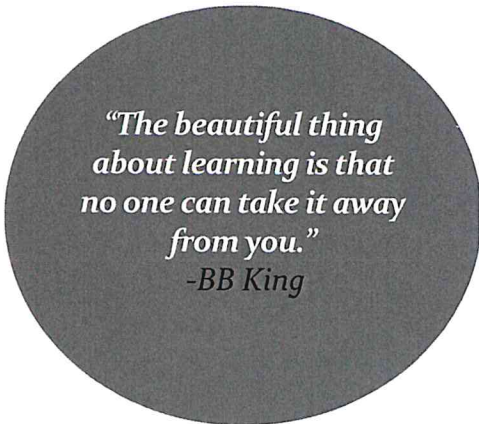

New financial aid software is available to help students understand Satisfactory Academic Progress.

The Office of Financial Aid has a new tool to help students understand Satisfactory Academic Progress (SAP). RichmondCC has invested in the GetSAP program. This allows students to view specific videos on SAP and answer questions on what they have learned. Sessions include:

- The Essentials to Understanding SAP
- A Refresher on the Impact of SAP
- The Key Components to SAP Appeal Process
- Understanding Lifetime Eligibility Used (LEU)

We hope these videos will help students understand the SAP process and what it means.

Students will have access to these videos beginning this May.

Get out this summer and enjoy the view!
