

Tutoring offered free to children of students, employees

While there are many benefits to attending Richmond Community College, here is one more: free tutoring for your children.

RichmondCC opened a Family Learning Lab in January to provide free tutoring for the children of employees and students at the College. RichmondCC piloted this free tutoring service to employees' children back in the fall. Upon the success of the program, College leaders decided to expand this service to the children of RichmondCC students.

"Many of our students and employees have struggled to balance work, their own school-

Richmond Community College nursing graduate Ashley Edwards has obtained all five certifications in emergency nursing.

ER Expert

RichmondCC nursing graduate achieves rare milestone in emergency care

Ashley Edwards of Richmond County is the 56th nurse in the world to join the "High Five" club, which means she has obtained all five certifications of the Board Certification for Emergency Nursing (BCEN).

A 2012 graduate of Richmond Community College's Associate Degree Nursing program, Edwards set this lofty career goal for herself last year.

"Just about every field of nursing has a board certification that a nurse can take. These certifications validate your knowledge and shows that you're an expert in that particular field. They also help with professional advancement and keep you up to date in your field," Edwards said.

RICHMOND COMMUNITY COLLEGE

Local talent to take center stage at outdoor concert series

Richmond Community College will be hosting an outdoor concert series this spring at its amphitheater overlooking the lake on the Hamlet Campus. The series called Live @the Lake will feature local performers, including several RichmondCC students or former students.

See CONCERTS, p.6

A limited menu from the Richmond-CC Café will be available for purchase during the Live at the Lake concert series. Check out the Café, pg. 5

SHORT-TERM TRAINING

New Skills, New Life

RICHMOND COMMUNITY COLLEGE

Huge Discounts on Class Fees, Books & Equipment for a Limited Time!

Welding - Scotland High School

This course will cover all the essentials of welding skills, including Mig, Stick and Basic Tig welding. You will learn how to weld different types of joints such as butt, tee, lap and edge joints. Welding symbols, terms, and basic blueprint will also be covered. Upon completion of this course, you will be equipped with the knowledge and hands-on training required for welding. **June 7 - July 30**
Discounted price: \$50 (Class value: \$472)

Solar Energy Systems Technology - Hamlet Campus

In this course, you will learn the concepts, tools, techniques, and materials needed to understand systems that convert solar energy into electricity. Topics include site analysis for system integration, building codes, and advances in solar technology. Upon completion, you will be able to demonstrate an understanding of the principles of solar technology and current applications. Additionally, you will have the skills to build a small solar system. **June 8 - Aug. 3**
Discounted price: \$90 (Class value: \$180)

NCCER Plumbing Level I - Scotland Co. Campus

This course will provide an introduction to the plumbing profession. You will learn identification and use of the tools of the trade. Upon successful completion, you will be able to use basic skills needed to begin work in the plumbing trade, demonstrate safety practice, and identify and correctly use tools commonly used in the plumbing field. **June 22 - Dec. 14**
Discounted price: \$50 (Class value: \$400)

Medical Office Administrative Assistant - Online

Health care professionals rely on skilled administrative assistants for the financial health of their business. In this class, you will learn scheduling, patient intake, office logistics, compliance, patient education, career exploration and job search strategies. This course will prepare you for the National Healthcareer Association (NHA) Certified Medical Administrative Assistant (CMAA) certification exam. Possessing this certification will support a successful career in this field. **Aug. 2 - Nov. 17**
Cost: \$180 (Exam fee of \$117 covered by scholarship.)

Banking Fundamentals - Online

This online class teaches you about banking services and the functions of a bank teller. Course topics include customer service, teller responsibilities, daily transaction procedures, payment functions, suspicious activity reports, banking trends and more. High school diploma or GED required to take this course. **Aug. 9 - Dec. 12**
Discounted price: \$90 (Class value: \$234.98)

Solid Works - Online

This online course introduces you to advanced Computer Aided Drafting (CAD) applications and will improve your CAD skills. Upon completion, you will be able to use advanced CAD applications to generate and manage data. Solidworks is a solids modeling computer-aided design and computer-aided engineering computer program. It is easy to learn and use and will help you design products better, faster and more cost-effectively. This focus on ease-of-use allows more engineers, designers and other technology professionals to bring their 3D designs to life. **Aug. 23 - Dec. 5**

Discounted price: \$90 (Class value: \$238)

Industrial Mechanics – Scotland Co. Campus

Learn technical skills for troubleshooting, maintaining and repairing mechanical equipment, electrical motor controls, and other systems commonly found in industry. Includes one day of forklift operator training. **Aug. 24 - Dec. 17**
Discounted price: \$50 (Class value: \$338)

Electric Lineman - Hamlet Campus

This course will prepare you to work as a lineman in the preparation and repair of rural electrical utility services. You will gain the necessary skills for employment in various electrical utility industries. Upon completion of this course, students will be OSHA 10 Certified and CPR Certified and hold a CDL learner's permit. **Sept. 7 - Dec. 17**
Discounted price: \$499 (Class value: \$1,390)

NCCER HVAC Level I – Scotland Co. Campus

In this class, you will get hands-on training and industry recognized stackable credentials. Upon completion, you will have earned an NCCER Core Certification, an NCCER HVAC Level 1 Certification and an EPA 608 Certification. You will also build a resume, develop interview skills and explore careers. **Aug. 24 - March 22**
Discounted price: \$50 (Class value: \$683)

SHORT-TERM TRAINING

Auto Dealer License Renewal - Hamlet Campus

This one-day course provides a brief overview from the NC Motor Vehicle Dealers and Manufacturers Regulations Guide. Topics include licensing requirements, vehicle inspections, titling and registration information, dealer disclosures, frequently used forms, record keeping, and laws and acts governing dealers and dealer ownership. This class is for 6 hours CEU credits. **April 15**
Cost \$70

Notary Public

This one-day course provides instruction to those who want to become commissioned as a notary public. Topics include legal, ethical, and procedural requirements of the Notary Act as described in General Statute 10B Article 1. Upon completion of this course with a passing exam grade of 80%, a person is eligible to make application with the NC Secretary of State office. **Scotland Co. Campus: April 10 & June 12**
Hamlet Campus: May 15
Cost \$70

Electrical Blueprint Reading - Hamlet Campus

Designed to meet four hours of electrical CEUs, this one-day course provides an introduction and refresher instruction on the basics of electrical blueprint reading. Upon completion, you will be able to recognize and identify basic electrical blueprint terms, components and symbols; relate information on blueprints to actual locations on blueprints; recognize different drawing classifications; and interpret print dimensions. **May 21 - Cost \$70**

Vehicle Safety Inspection - Hamlet Campus

This two-day course is designed to meet the training and licensing requirements (initial and/or renewal) for the Vehicle Safety Inspection Program administered by the NC Division of Motor Vehicles, License and Theft Bureau. This course will prepare you to successfully complete a North Carolina State Safety Inspection and take the state certification exam to become a certified Vehicle Safety Inspector. **June 22 & 23 - Cost \$70**

Electrical Schematics & Diagrams - Hamlet Campus

This one-day course is designed to meet the four hours of CEUs required for N.C. licensed electrical contractors. It will provide

an overview of electrical schematics and diagrams and include instruction on common electrical safety practices. **June 25 - Cost \$70**

Basics of Grounding - Hamlet Campus

Designed to meet four hours of electrical CEUs, this one-day class provides instruction on grounding requirements as they relate to the National Electric Code. Installation, testing and inspection procedures for industrial, commercial and residential power systems will also be discussed. **July 30 - Cost \$70**

OSHA 10 Training – Scotland County Campus

This two-day course provides training for entry level workers and employers on the recognition, avoidance, abatement, and prevention of safety and health hazards in workplaces in general industry. The program also provides information regarding workers' rights and employer responsibilities and how to file a complaint. Through this training, OSHA helps to ensure that workers are more knowledgeable about workplace hazards and their rights. **April 24 & May 1 - Cost \$78**

Forklift Operator Training – Hamlet Campus

This one-day course will combine classroom instruction and hands-on driving practice to provide you with the knowledge and skills to operate a forklift safely and professionally. **June 26 - Cost \$70**

General Contractor Classes – Hamlet Campus

RichmondCC will be offering two classes that meet the mandatory 8 hours of continuing education that general contractors must complete to renew a license. The course includes a mandatory two-hour requirement regarding the information about changes in the laws, rules and other content applicable to general contracting. **Aug. 6 & Nov. 19 - Cost \$149**

Real Estate Broker Pre-licensing Course - Hamlet Campus

This course is an introductory level real estate course with heavy emphasis on real estate brokerage law, principles and practice. The class provides students with the basic knowledge and skills necessary to act as a licensed real estate broker in North Carolina in a manner that protects and serves public interest. Students will be prepared for the real estate license examination. **Aug. 23 - Nov. 15 - Cost \$180**

Introduction to Painting – Hamlet Campus

Learn the basic fundamentals, materials and techniques for painting. Working in water-based media (watercolor and acrylics), you will produce work from a wide range of subjects by direct observation, photo sources or imagination. **June 9 - July 28 - Cost \$70**

Introduction to Drawing – Scotland Co. Campus

Learn basic drawing skills and techniques from direct observation, photo sources and imagination. Subject matter will include still life, landscape, architecture, linear perspective, the human figure, and abstraction. **June 10 - July 29 - Cost \$70**

Spanish in the Workplace - Hamlet Campus

This course will cover basic phrases and communication skills needed to interact with Spanish-speaking employees, patrons, co-workers and customers in the workplace. You will learn the correct vocabulary and expressions used to respond to Spanish-speaking individuals. **April 13 - June 17 - Cost \$70**

College café sizzling with hot menu

Burgers, Philly cheesesteaks, hotdogs, wings, sandwiches, salads and breakfast burritos are just a few things on the menu at the new Richmond Community College café.

The café, which is located on the Hamlet Campus, overlooks the RichmondCC lake and includes a patio for outdoor seating. People can dine in or order take-out.

Using the Toast app, people can also order ahead on their smart phone and reduce their wait time.

RichmondCC Executive Vice President and Chief Financial Officer Brent Barbee said the College has been looking forward to opening the café for many years.

"We had a vision to build a quality facility on our campus that would provide quality food at affordable prices first and foremost to our students, but to our employees and local citizens as well," Barbee said.

NURSE

CONTINUED FROM P.1

The BCEN has five certifications:

- Certified Emergency Nurse
- Trauma Certified Registered Nurse
- Certified Transport Registered Nurse
- Certified Flight Registered Nurse
- Certified Pediatric Emergency Nurse

Edwards, who works in the emergency department at Scotland Memorial Hospital, successfully passed all five certifications in one year. She is also working on a Bachelor of Science in Nursing at Fayetteville State University and will graduate this summer.

"We are so proud of Ashley's accomplishments and commitment to obtain even more professional skills," said Greg Wood, president and CEO of Scotland Health. "Scotland Health's tremendous success is built upon each individual team member who takes pride and ownership in delivering the finest and safest care and service. Ashley's dedication exemplifies that dedication and helps challenge others to continually improve their abilities. That is what we call The Scotland Way!"

Edwards' next goal is to earn a Sexual Assault Nurse Examiner-Adult (SANE-A) certification, which signifies a registered

nurse is knowledgeable regarding forensic nursing.

"As a nurse in the emergency department, I see numerous sexual assault victims," Edwards said. "I believe obtaining this certification would be a valuable asset for not only my career but also my patients."

Healthcare has always interested Edwards, plus she knew there were many career opportunities in this field.

"I decided to take Allied Health Sciences in high school to gain more insight, and this is when I realized I wanted to be a nurse," she said. "Nursing is so versatile, but I knew no matter what path I chose it would be rewarding."

During her senior year at Richmond Senior High School, she took dual enrollment classes at RichmondCC, including the Nursing Assistant I class. Once she graduated high school, she had her CNA license and was im-

mediately able to start working in the hospital setting.

Edwards enjoyed her time at RichmondCC as a high school student, so she decided to stay close to home and get her nursing degree from RichmondCC. She knew it was the right decision because she didn't have any additional living expenses, plus she received financial aid and scholarships.

"During my first spring semester at RichmondCC, I had my daughter, and my instructors were very understanding of the situation," Edwards said. "I started the nursing program the following fall semester. Being a single parent in school has its challenges, but luckily, I had a supportive family and instructors."

One of those nursing instructors was Ronnie Tunstall, who saw the potential in Edwards to become a nurse leader.

Program Fair

Explore what you could learn at RichmondCC!

April 20

5:00 - 7:30 p.m. | Cole Auditorium

"When she sent me a message telling me that she had successfully passed all five Board Certifications of Emergency Nursing, I couldn't put into words how proud of her I was. She wanted to thank me and the other faculty for making everything possible," Tunstall said. "Working with her in the ER, she told me I was her mentor and role model, but she doesn't realize I feel the same about her because of the ER nurse she has become."

Edwards is extremely grateful to RichmondCC for the opportunity it has given her.

"The nursing program and the instructors helped me become the nurse I am today, and for that I will always be thankful," she said.

To learn more about nursing or other healthcare programs at RichmondCC, visit www.richmondcc.edu or call (910) 410-1700 to speak to a counselor.

CONCERTS

CONTINUED FROM P.1

Kicking off the series on Friday, April 30, is American bluegrass and gospel band Caroline, followed by singer/songwriter and RichmondCC student Taylor Bowersock on May 7. Beach music lovers can mark their calendars for the following Friday,

May 14, when the five-piece band Beach Fever takes center stage. On drums for the band is RichmondCC student NiQuan Sims.

The series will wrap up on Friday, May 21, with local singer/songwriter and former dual enrollment student Heather Henry. Opening for Henry is RichmondCC student Madison Watts.

Performances will be held from

6 to 7:30 p.m. Cost is \$5 per person over the age of 5.

"We put out a call to local musicians to audition for a spot in this new concert series, and we are very pleased with the talent we have lined up. Each performer brings a unique mix of genres and styles," said Cole Auditorium Director Joey Bennett. "While the Cole has long been the venue on

campus for entertainment acts, we decided to make use of our amphitheater with its beautiful view of the lake while inside gatherings still have restrictions."

The RichmondCC Café will be offering a limited menu for purchase at each concert.

For more information, call the Cole at (910) 410-1691 or email coleaud@richmondcc.edu.

Free Seminars to help small businesses

April 6 from 11 a.m. to 12 p.m. - **Get More Customers Together for Small Business and Entrepreneurs (ONLINE)**

There are two problems in rural towns and they are related: People shop online or in the city when they could buy the same or better things from local stores. Deb Brown of SaveYourTown will share stories and ideas that have been successful in other communities that have encouraged more people to shop local.

April 7 from 9 to 10:30 a.m. - **Program Designs that Pack a Punch (ONLINE)**

Are you ready to launch a new non-profit program or revamp an existing one? Join this master's class focused on program/project design. In only 60 minutes, you will gain knowledge and tools needed to design programs/projects that are both effective and efficient.

Learn best practices to grow

How to Register

To register for one or more of these free seminars, contact Small Business Center Director Butch Farrah at (910) 410-1687 or wofarrah@richmondcc.edu. www.richmondcc.edu/small-business-center

Scan code to sign up online.

mission-focused programs that generate awareness, impact, capacity, and community support.

April 7 from 11 a.m. to 12:30 p.m. - **Budgeting to Fully Fund Your Overhead (ONLINE)**

This session will identify the building blocks of a strong budget and explain how nonprofits can easily raise the dollars needed to cover overhead costs. We will dis-

cuss how proper budgeting will propel grant proposals to success and how to use messaging to raise these much-needed funds. You will learn how to accurately describe, budget, and properly package your programs and projects to effectively secure funds from diversified funding streams.

April 8 from 9 to 10:30 a.m. - **Getting a Foot in the Door and an Ask on the Table with Foundation Prospects (ONLINE)**

You need donors to keep the doors of your non-profit open, but cold calls are an anxiety-pro-

ducing task. Make it less scary by learning how to create opportunities by effectively courting donors in this webinar.

April 8 from 11 a.m. to 12:30 p.m. - **Sustainability Planning: Looking Beyond the Grant Timeline (ONLINE)**

How do you empower your donors to donate more and become advocates for your non-profit cause? In this webinar, you will learn how to communicate with donors that their immediate support lays the foundation for long-term sustainability and success.

Skilled Trades Career & Program Fair at the Scotland County Campus April 27 | 1 to 3 p.m.

A Better Future Awaits High School Completers

Richmond Community College wants to help people without a high school diploma "Finish for Your Future." This initiative includes up to \$1,000 in scholarship money for students who complete the Adult High School Diploma or High School Equivalency program and continue on at RichmondCC for further education or career training. Earn your high school credentials and increase your earning potential!

TUTORING

CONTINUED FROM P.1

work and their children's remote learning. We want to support these folks and their hardworking teachers by offering tutoring and homework support here at our Hamlet Campus and Scotland

County Campus," said Dr. Dale McInnis, president of RichmondCC.

Tutoring in the areas of English, math and science will be available to students in grades 6 through 12 and will be provided by qualified instructors. There is no charge for this service.

The Family Learning Lab also

offers a "Homework Hotline" that will connect callers to a tutor who can help with homework assignments. The service is available Monday through Thursday from 5 to 8 p.m.

RichmondCC students and em-

ployees can register their children online at www.richmondcc.edu/family-learning-lab.

For more information, contact Academic Success Center coordinator Teresa Meehan at (910) 410-1896

or tacabarello-meehan@richmondcc.edu.
