# Proctoring Services

All online courses at RichmondCC that involve students taking online exams require that one of the exams be proctored. The online course instructor will tell their online students exactly which exam is required to be proctored. RichmondCC students have several options available in having their online exams proctored: online with ProctorU, on campus in the Academic Success Center, or in class with the instructor (if offered by the instructor).

## ProctorU

ProctorU allows RichmondCC students to take exams online in the comfort of their own home on demand. To utilize ProctorU, students must go to [www.proctoru.com](http://www.proctoru.com). ProctorU requires the use of a webcam. **Students must register and schedule an exam with ProctorU 72 hours in advance. ProctorU is free to enrolled students, however, there is a \$10.00 charge for all exams scheduled less than 72 hours in advance.** During an exam, students are connected with a live proctor who will verify student identification and assist with the check-in process. The live proctor will monitor each student throughout their exam and will be available for technical support.

## Academic Success Center

RichmondCC provides this service free to currently enrolled RichmondCC students. Students will not be allowed to take their exam without a current picture identification card (student ID card or state issued ID). **To utilize the Academic Success Center on campus in Hamlet, appointments are to be scheduled 24 hours in advance by using the schedule an appointment calendar at <http://richmondcc.edu/proctor-scheduling>.**
